STATES REPORT  
OPEN SHOP GAINMassachusetts Cross in All  
Industrial PhasesAmerican Plan Conference  
Held in OklahomaNew Era of Progress Seen by  
Delegates

OKLAHOMA CITY (Okla.) Oct. 3.—(Exclusive)—The growth of the open shop movement in every phase of American industry resulting in a new era of industrial progress was the theme of the American-plan open shop conference held here today by representatives of twenty-five states at the opening of the fourteenth session of the American-plan open shop conference.

The open shop is superseding the closed shop in all but a few of the more intensely industrialized centers was the message brought to the national conference by the reports of dramatic and important progress made during the year. The West, particularly the American-plan open shop movement, was the most conspicuous progress.

HUMAN ASPECTS INVOLVED

The pronounced tendency toward the "human" aspect of the open shop movement was emphasized by A. C. Reese, chairman of the conference, who said that the open shop movement is leading to a new era of industrial progress.

The open shop movement is leading to a new era of industrial progress. The open shop movement is leading to a new era of industrial progress. The open shop movement is leading to a new era of industrial progress.

THE CONGRATULATED  
The open shop movement is leading to a new era of industrial progress. The open shop movement is leading to a new era of industrial progress. The open shop movement is leading to a new era of industrial progress.

## The Birthplace of the Open Shop Idea in Los Angeles

This picture was made about 1908, a year or so after the Times had moved to its present site at First and Broadway. The latter is the unpaved and muddy street in the foreground. The building, except for extensive later additions, is the one which was dynamited in 1910.

## PRINTERS' STRIKE BEATEN

First Open-Shop Engagement is Won by 'The Times';  
Gen. Otis Sets Type With Rest to Get Paper Out

(Continued from First Page)

employed by The Times. Soon after their arrival, however, the Herald weakened in the fight and surrendered to the closed shop demands of the union. Gen. Otis gave employment to the independent workers who were thus locked out and from that time on waged the battle single-handed. The Times thus became the only open-shop newspaper in Los Angeles and one of the very few in the entire country.

In accordance with the customary strike tactics of American Federation of Labor units, the Times printers were subjected, with their families, to all kinds of abuse, threats and vituperation. Epithets were hurled at them as they went to and from work, but they conducted themselves with dignity and courage, replying effectively to the propaganda against them through the Fraternity, a magazine published in the interests of the Printers' Protective Fraternity of which they were members. Most of these men continued as permanent employees of The Times and today, after a lapse of nearly forty years, several of them are still valued members of the mechanical staff of The Times and others on pension.

"TIMES" STANDS ALONE  
Even after the surrender of the other newspapers, leaving The Times as the sole champion of industrial freedom in Los Angeles, there was never any thought of weakening. The printers themselves felt that the battle was as much in their interest and in that of free workers everywhere as it was for The Times and their unwavering loyalty was a source of encouragement. Gen. Otis, believing that the cause was right and must prevail, fought on against many adverse conditions of which the problem of getting enough printers was only one.

His financial situation was by no means strong. He and the members of his family worked harder than any of the employees and subsisted on the smallest pittance with which they could get along, meantime scrupulously meeting every payday promptly.

When it appeared that the independent printers could not be coaxed or coerced into deserting The Times, the boycott was introduced and Los Angeles had its first sample of the methods which have since been employed as one of the standard closed-shop weapons of the American Federation of Labor. Although the attempted boycott of The Times continued in one form or other for many years the strike itself was definitely won by The Times within three months of the day it started.

Tomorrow's article will tell something of the boycott against The Times and what it accomplished.  
(Continued Tomorrow.)

Illinoisian Takes  
Angeleno Bride

MOUNT VERNON (Ill.) Oct. 3. (Exclusive)—Morris Emerson, brother of Gov. Emerson, was married here today to Mrs. Olive M. Smith of Los Angeles. Gov. Emerson was present.

The marriage was the culmination of a romance begun more than fifty years ago as schoolmates in Albion, Ill. Mr. Emerson was for years a prominent newspaper man in Colorado and Illinois.

Mr. and Mrs. Emerson left this afternoon for Los Angeles, where they will reside.

## HUSBAND CONFESSES

Wife Beaten Before "Accident";  
Death in Hospital Follows

ST. JOSEPH (Mo.) Oct. 3. (AP)—With the inert body of his wife beside him, unconscious from a beating he inflicted with a stone following a quarrel, and his infant son sleeping against his arm, Charles D. Dimmick, 27-year-old highway employee, drove his motorcar over a culvert in an attempt to make the woman's injuries appear the result of an accident, he confessed today.

The wife, Mrs. Abbie Dimmick, died later in a hospital. Dimmick was arrested last night and admitted to officials that he struck her during an argument over domestic finances. He said he beat her unconscious with his fist and a stone, and then drove over the embankment, wrecking the machine against a tree. Dimmick and the child were not injured.

Condolences Sent Over  
Stresemann's Death

Dawes and Briand Strong in  
Their Tributes

Berlin Worried About Fate  
of Young Plan

BERLIN, Oct. 4. (AP)—Berlin today received from governments in all parts of the world condolences on the death of Gustav Stresemann, Foreign Minister of the Reich. The messages hailed him as the greatest German diplomat since Bismarck and their very number testified to the widespread effect of his work for rehabilitation of the Fatherland and the cause of world peace.

Here in Germany, as the news spread of the statesman's sudden demise from a heart attack in the early morning, there was almost a complete halt in both the political and economic fields. "What will happen to the Young plan?" and "to whom will Germany turn now?" were the questions on every tongue.

The Cabinet met this afternoon as President Paul von Hindenburg prepared to come to Berlin for a formal council with the heads of the government. The associates of Herr Stresemann decided that every possible honor should be paid by the state at a great public funeral next Sunday.

The messages of condolence began to arrive early in the day both at government headquarters and at the home where Frau Stresemann and her two sons mourned the passing of a husband and father.

Praise for the man and his work evoked many statesmen of the highest caliber, but no one of purer motives, more indomitable courage and greater nobility than this man," said a tribute which came from Gen. Charles G. Dawes, American Ambassador in London.

Praise for the man and his work was expressed by Aristide Briand, Premier of France and colleague of Herr Stresemann in so many projects for restoration of national good will that they were often coupled as "Europe's apostles of peace."

King George of England, Arthur Henderson, and his predecessor as British Foreign Secretary, Sir Austen Chamberlain, together with other Englishmen who had worked with Stresemann in the recent Young reparation plan conference at The Hague, also paid high tribute to the qualities of the German leader.

The League of Nations spoke officially through Joseph Avenol, acting secretary-general, and unofficially through most of the members of the Council and Assembly of the organization in all parts of the world.

STRIKE-SHAKEN  
TOWN MOPS UP

Arrests Follow Bloody Union  
Battle at Mill

Both Posse and Rioters Held  
Under Heavy Bond

Victims of Shooting Will be  
Buried Today

MARION (N. C.) Oct. 3. (Exclusive)—This strike-embittered village today went grimly about its business of mopping up after the Carolina Textile Company's most sanguinary union battle.

While a court inquiry sought to fix the blame for Wednesday morning's shooting bee by a sheriff's posse at the gate of the Marion Manufacturing Company's mill, strikers were preparing to bury their four dead tomorrow morning at a mass funeral and doctors were fighting to save the lives of two others desperately wounded. Luther Bryson, 22 years of age, died early today. Three others died Wednesday. Eighteen wounded still are in the hospital.

## POSSE MEMBERS ARRESTED

Fifteen members of the sheriff's posse, including Sheriff O. P. Adkins, were arrested this afternoon on warrants charging murder signed by O. A. Bradley, a strike sympathizer. Judge W. F. Harding of Charlotte, ordered here by the Governor to sit as a committing magistrate, fixed bail for these men at \$2000 each. The bonds were signed by R. W. Baldwin, president of the mill where the shooting took place.

At the same time warrants signed by Sheriff Adkins charging more than fifty strikers with resisting an officer and rebellion against the state, are being served. Fourteen of the strikers named came into Judge Harding's court and surrendered. They were ordered held in \$500 bail each. The strikers were permitted to sign each other's bonds, no attention being paid as to whether anyone was worth the \$500 guaranteed.

Beautiful teeth, firm and white  
—with a minimum of brushing

BEGIN today using Listerine Tooth Paste and see how quickly it rids teeth of discoloration and deposits and makes them white and lustrous. Brushing is reduced to a minimum.

That is because we have included in this paste, modern polishing agents. They are harder than tartar but softer than enamel.

So they quickly remove the former and polish the latter without damage.

Carried by your brush, they penetrate and cleanse tiny crevices between the teeth where decay so often gets the upper hand.

After you have used Listerine Tooth Paste

note how clean, fresh, healthy, and invigorated your entire mouth feels—something like the sensation given you by Listerine, itself.

It must be evident to you that Listerine

Tooth Paste is exceptional else it would not have leaped from obscurity to leadership in 4 years. Try it yourself. Lambert Pharmaceutical Company, St. Louis, Mo., U.S.A.

Buy a hat with  
what it saves you

Buy yourself a new hat with what you save by using Listerine Tooth Paste instead of dentifrices in the 5¢ class.

The saving averages about \$3 per year per person, assuming you use a tube a month.

## Her Ill Health Was Brought on By Constipation

The head of probably the largest independent wholesale drug house in America recently said: "We are now selling more Sargon and Sargon Soft Mass Pills than any other ten proprietary medicines put together."

MRS. ALICE H. TIBBITS

from Sargon Soft Mass Pills than any other ten proprietary medicines put together. "What finer tribute could be paid to the marvelous health-giving powers of this new, scientific preparation! In the state of California alone, it has required sixteen solid cartons of Sargon and Sargon Soft Mass Pills to supply the demand in the past four months. According to the statements of people everywhere who have put Sargon to the test, it is restoring health and strength to thousands by methods undreamed of a few years ago. One of the latest to tell of the splendid benefits derived from Sargon is Mrs. Alice H. Tibbits, 1019 Maple St., Los Angeles, who recently said:

"For four years I've been taking medicines almost constantly, trying to recover my health, but it was this wonderful, new Sargon that got me well and strong again. "My trouble started with constipation and an acid stomach. Nearly everything I ate soured and formed gas, and I'd suffer from indigestion for hours after meals. I had to take cathartics almost every night and my tongue stayed coated nearly all the time. My kidneys seemed to be affected, too, and disturbed my sleep frequently. Then neuritis pains set in on me, all through my back and shoulders and, at times, it seemed like every joint in my body ached. It was all I could do to drag through the day. "I got the surprise of my life when I started taking Sargon! Six bottles simply worked wonders on my entire system, correcting the acid condition of my stomach and filling me with new strength and energy. I eat three hearty meals a day now, without a trace of indigestion afterwards. I never have to take a thing for constipation any more and my elimination is normal and regular. The neuritis pains disappeared, my coated tongue cleared up and my kidneys don't disturb me at night like they used to. It certainly seems wonderful to be able to sleep good again! I just feel splendid—better than I have in years.

"Words can't express how grateful I am for what Sargon did for me. I recommend it every chance I get because I want others to know what a marvelous medicine it is."

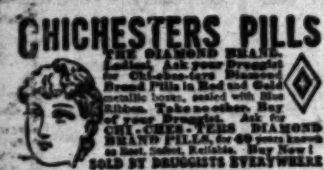

Go to the Owl Drug Store, 5th & Broadway, and meet the Sargon Man. He will give you the astonishing facts about this wonderful new medicine which is accomplishing such remarkable results all over the country. The astonishing record of Sargon is based on actual results accomplished; not empty promises. Sargon may be obtained at all Owl Drug Stores in Los Angeles and other cities.—(Advertisement.)

## White King costs less because it takes so little

You'll find White King extremely economical because a little goes such a long way. One spoonful in a basin of water... or a spoonful in the washing... does the trick in place of two or three of most other soaps. Make the comparison yourself the next time you have any washing to do.

White King Granulated Soap is safe. It will not harm the delicate fabrics, the finest hosiery or lingerie. It brings back the luster of sheer silks, the softness of blankets and woollens.

You will find White King Granulated Soap ideal for all your household washing. It is highly recommended by leading department stores and garment manufacturers as the finest, most economical soap you can buy. Ask for White King at your grocer's today and test its splendid washing qualities yourself.

## WOOD RESIGNS STATE BANK JOB

Superintendent Will Travel  
in South America

He Has Been in Service of  
Public Twenty Years

Gov. Young Says Official to  
Receive Post Again

SAN FRANCISCO, Oct. 3. (AP)—Will C. Wood, State Superintendent of Banks, announced his resignation today in order to take his "first long rest" in a tour of South America.

Mr. Wood said his resignation has been in the hands of Gov. Young for the past seven weeks and will be effective about the time he leaves San Francisco for South America, November 9, next, for an absence of three or four months.

"I am going to the Andes where they don't speak English and I am cutting loose at least temporarily from all official responsibilities," Wood said he will return to work for the re-election of Gov. Young.

TOUR LATIN AMERICA  
Mr. Wood's tour will take him to Panama, Peru, Bolivia, Chile, Argentina, Uruguay and Brazil.

Coinciding with the announcement of his resignation he issued the following statement: "I have arranged to leave on the Pennsylvania, November 9 for South America to be gone for three or four months, according to present plans, and will be accompanied by my wife and son. I am going for two purposes, primarily to get my first long rest in more than twenty years and, secondly, to study economic conditions in South America at first hand."

ON JOB TWENTY YEARS  
"For twenty years I have held public position with heavy responsibilities ranging from the supervision of 1,000,000 children to the supervision of \$2,500,000,000. I haven't been able to shift responsibility fully from my shoulders during the entire time, my short vacation being broken into by official duties. I am going into the Andes where they don't speak English and I am cutting loose at least temporarily from all official responsibilities."

"Having reached middle age, I realize that the first half of the game has been played. I want to get a breathing space and perhaps work out a few new signals all by myself before getting into the second half of the game, which may be even more strenuous than the first."

WELL AID YOUNG  
"I don't want anyone to draw the conclusion that I am cutting loose from public affairs in California. I am going to return in time to take an active part in the campaign for the re-election of Gov. Young, who I assume will run again. He has made a splendid Governor and I am for him first, last and for the next four years."

"Any announcement concerning the future of the superintendency of banks will, of course, be made by Gov. Young."

WOOD TO RETURN  
TO POST, SAYS YOUNG

SACRAMENTO, Oct. 3. (AP)—Will C. Wood is resigning only temporarily his post as State Superintendent of Banks, Gov. Young declared today when told that the banking department head announced in San Francisco he had resigned to take a "long rest."

"Mr. Wood is coming back as Superintendent of Banks," the Governor declared. "He wants to travel in South America, staying about three months. The law carries a sixty day clause regulating leaves of absence so in order for him to be absent longer than two months he has announced his resignation."

The Governor said he planned to place some one in the banking department in Wood's position during the latter's absence. The appointee, he said, will take over the work with the understanding that when Wood returns he will resume office.

Wood has worked long and hard as Superintendent of Banks, Gov. Young said, and in perfect accord with policies of the administration and banking establishments governed.

## Federal Agents Will Investigate Strangling Case

WASHINGTON, Oct. 3. (AP)—Special Department of Justice agents today were assigned to investigation of the mysterious death of Mrs. Virginia McPherson, nurse, who was found strangled with a pajama cord in her apartment on Pennsylvania avenue two weeks ago.

The announcement was made by Atty.-Gen. Mitchell and is one of the few times recently that the vast resources of the Federal government have been requested by the District of Columbia officers in solving a crime.

The case, once closed by a Coroner's jury as suicide, was reopened upon demand of Senator Overman of North Carolina, and since has attracted wide attention.

## Physician Cited for Advertising

SACRAMENTO, Oct. 3. (AP)—Dr. Louis Reinard of Los Angeles is to appear before the State Board of Medical Examiners at Sacramento the 21st inst. for trial on charges of illegal advertising, officials of the board announced today in correcting their statement yesterday that he was charged with performing an illegal operation.

Dr. Reinard is to be one of twelve California physicians ordered to appear and show cause why their licenses should not be revoked for asserted violation of the State Medical Act.

## WHEN BABY FRETS JUST SING HIM NICE BASS SOLO

CHICAGO, Oct. 3. (Exclusive)—Dr. John B. Morgan, associate professor of psychology at Northwestern University, in an address before the National Safety Council today told how to soothe the baby when it is fretful. If the infant refuses to go to sleep just try singing to him in a soft bass voice, but don't indulge in any outbursts of barber-shop chords.

Dr. Morgan noted that pure tones of high frequency and short duration are more disturbing to infants than pure tones of low frequency. Dr. Morgan during the last year has conducted research on the response of infants to a number of relatively pure tones. Nineteen Evanston babies from 10 to 14 days old were used in the experiments.

The tones were produced by an audiometer and carried to a cone speaker. Eight tones were produced and various intensities were used with each pitch.

Hollywood Man  
Freed in Chicago

CHICAGO, Oct. 3. (AP)—L. E. Wheeler Reid of Hollywood, Cal., publisher, and Mrs. Dolly Lee, wife of the head of the Leong Chinese Merchants' Association here, were discharged today following their arraignment on disorderly conduct charges on which they were arrested in an automobile Saturday.

Reid said the charge was "framed" by his wife, against whom he said he intends to file divorce proceedings.

# FOR WINTER \*NEW Super UNION GASOLINE

## 26% Quicker Starting

## \* WITHOUT LOSS OF MILEAGE

AFTER almost a year of laboratory and road tests, the engineering experts of the Union Oil Company announce a development in motor fuel exceeding in starting and performance anything heretofore perfected.

Conservative average of estimates of all the cold motor starting tests with full choke, half choke and no choke while using this new Union Gasoline, prove that it starts 26% quicker than the best former development. Acceleration tests from 5 miles an hour in high to 60, starting the acceleration at various speeds, show marked improvement of performance in the entire driving range. For the motorist this feature adds new instant speed for passing on the highways and getting away at crossings.

This fuel has set a new standard for hill climbing qualities in gasoline. "Perfect vaporization at

high speeds" was a feature emphasized in reports of the testing engineers.

\* The high portion of the distillation range of regular Union gasoline was maintained in order to retain a high B.T.U., or heat unit, content. This maintained the mileage of regular Union Gasoline on which has been built an outstanding reputation for economy over a period of years.

This new Super Union Gasoline is a new day performance fuel, meeting better the anti-knock requirements of today's high compression cars.

True it's a better fuel; costs more to make, but the price to the motorist will not be increased.

Your Union Oil dealer has New Super Union Gasoline today. It is served from the blue and white pumps. Try it—test it in comparison. Its improvements are noticeable in all makes of cars, large and small.

NOTE:—New Union Ethyl is composed of this new good gasoline plus the recognized anti-knock qualities of Ethyl.

# NEW Super UNION GASOLINE

## 26% QUICKER STARTING WITHOUT LOSS OF MILEAGE

At all garages and service stations displaying the blue and white pumps

is no limit to human power as man's physical mechanism is concerned in the opinion of Dr. Popen, flight surgeon of the Navy.

Barring sudden changes in direction, the limit of power are being compared, says the human mechanism made to take it.

RECORDS TO BE SET  
Dr. Popen expects to set records by Commander the British Schneider prize flying several times, and many times with no ill effects on "Speed itself will properly accelerated."

As flight physician has served Lieut. Al speed flyer, in much speed as a trained pilot, he has prepared a regimen as strenuous as, and even more highly specialized than, being preparing for this fight.

PRESSURE OF "Speed flying is just as much more than fighting," he says. Williams was making the Mercury, the sportsman that his face of two people, one at a beating against it. I've seen. Not alone the situation, of course, terrible force. Yet he has the best of it.

From his studies of aviation, Dr. Popen out a training technique, showing acquiring control of muscles involved in compensation," to

## MINISTER'S PAST LOVES REVEALED

Accuser of Mrs. Kennedy Names Other Women

Remarriage Impossible, Says Clark at Balm Trial

Adjournment Caused When Pastor Breaks Down

SEATTLE, Oct. 3. (AP)—A near-breakdown on the part of Rev. H. H. Clark and the inability of his attorney, Gordon McGaughan, to find law books he desired to use caused adjournment in mid-afternoon here today of Clark's \$50,000 breach-of-promise suit against Mrs. Minnie E. Kennedy, mother of Alvin Karpis.

John S. Robinson, Mrs. Kennedy's attorney, had subjected Clark to severe cross-examination on his statement that he could never marry because of his relations with Mrs. Kennedy.

FRIENDSHIP ADMITTED  
Clark admitted he had had friendly relations with Mrs. Seena Lomer of Seattle and Ruth Day, organist in an Everett church. Robinson started to question Clark about his reported courting of "a certain Seattle lady ever since early in April, right after the suit was filed," when McGaughan objected on the ground that his client had changed his mind about the woman.

Clark weeps  
When the jury retired for the afternoon recess Clark left the courtroom and was found weeping in a corner in the hallway. Tears were still in his eyes when he resumed the witness stand. Attorney Robinson suggested that Clark hardly was able to continue giving testimony. Judge Ronald agreed and asked McGaughan if he couldn't put on another witness. The attorney said he had no one else ready.

Clark, who was experiencing his second day of cross-examination, admitted in one letter that he was "drifting toward suicide or a life of crime."

Early in the day Clark testified that Mrs. Kennedy threatened to arrest him for blackmail shortly before he started his suit and that he had not known the meaning of blackmail until then.

BAR BALLOTS SHOW  
52 PER CENT VOTED

SAN FRANCISCO, Oct. 3. (AP)—Approximately 52 per cent of those eligible to vote for members of the board of governors of the State Bar Association cast their ballots, it became known here today upon the close of balloting. Of 10,712 members, 5574 voted. Counting of votes will start tomorrow.

ARIZONA SHOWMAN DIES

TUCSON (Ariz.) Oct. 3. (AP)—George Pound, well-known Southern Arizona showman, died today at Tombstone, where he had been working on the forthcoming Hellsboro celebration.

## Officer in Back Seat Interrupts Theft of Auto

SAN FRANCISCO, Oct. 3. (AP)—Only one circumstance spoiled an attempt to steal an automobile which was parked invitingly near Mayor James Rolph's residence tonight. There was a policeman in the rear seat.

Harry Cornacchia, 20 years of age, according to his own admissions to police, decided to borrow the car to perpetrate a hold-up so that his sweetheart could pay her overdue room rent. He had slipped behind the wheel and pressed the starter when a not-too-gentle tap on his shoulder apprised him of the presence of the policeman.

## Man Who Hired Jail Substitute Gives Himself Up

ST. LOUIS, Oct. 3. (AP)—William L. Probst, former St. Louis policeman and convicted moonshiner who more than a year ago hired an illiterate alien to serve his eighteen-months' prison term for liquor law violation, surrendered today. He is held in the City Jail awaiting removal to Leavenworth Federal prison to start serving the sentence.

The hired substitute, Any Homoky, 41 years of age, has served more than a year and now will face the possibility of a prison term of his own for his part in the plot.

ANGELENO HEADS  
OSTEOPATHIC GROUP

KANSAS CITY, Oct. 3. (AP)—Dr. W. Curtis Brigham, Los Angeles, was elected president of the American College of Osteopathic Surgeons here today.

## Preacher and Woman He Names as Deceiver

Rev. H. H. Clark and Mrs. Minnie Kennedy as they appeared seated at the counsel table during the progress of the former's breach-of-promise suit against Mrs. Kennedy. (P. & A. Photo)

## FURNITURE MEN FIGHT UNION

Virtually All Factories in City Uniting to Put Stop to Organizing as Strike is Called

Virtually all the furniture manufacturers in the city, it was learned yesterday, have united to fight a union attempt to gain a foothold in that industry through a strike of upholsterers, which was called last Friday. Spokesmen for the manufacturers also reiterated yesterday their denial of union assertions that the strike of upholsterers is nearing a settlement through signing of agreements with the union by seventeen manufacturers.

Only a part of the industry is affected by the strike, as all the manufacturers do not employ upholsterers, and the strike is not even directed at all the plants where upholsterers are employed. The manufacturers, it was said, realize, however, that any success which would attend the present comparatively small strike would be utilized as a basis for further union encroachments.

FACTORIES PROSPEROUS  
Furniture manufacturing is one of the city's most prosperous and fastest-growing industries and the value of its present yearly output is estimated at about \$30,000,000. The quick growth, the manufacturers realize, is due to the fact that from the very beginning it has been operated on an open-shop basis, although many union men are employed in the plants.

It was several weeks ago that the union plans to institute a closed-shop and the strike was called. The local organization of upholsterers, which is Local No. 15 of the Upholsterers' International Union of North America, tried to open negotiations with a number of manufacturers to sign agreements, which is invariably the preliminary step to the institution of a closed shop.

ONLY TEN PLANTS AFFECTED  
The efforts of the union men met with no success and therefore last week the strike was called. It is understood that it was directed against only about ten of the sixty or more furniture factories in the city; at any rate, that is the number which has been affected.

Union assertions are that 500 men have walked out, but the manufacturers say that the number is considerably less than that. A report was also spread by the union early this week that seventeen manufacturers have agreed to union terms and would sign formal agreements. This assertion was also refuted by the manufacturers, who stated that only two firms have signed up with the union to date and there is little likelihood of any more signing. The two which have signed are said to be the Brown & Saltzman Company and the United States Distributors' Corporation.

## REYNOLDS HEADS BANK COMMITTEE

America Again Placed in Leadership of European Settlement Negotiations

BADEN-BADEN (Germany) Oct. 3. (AP)—The United States again was placed in the position of leader in settling Europe's postwar problems, when the bankers of seven nations today unanimously elected Jackson Reynolds, New York banker, chairman of the organization committee of the Bank for International Settlements.

Mr. Reynolds's first act as chairman was a tribute to Foreign Minister Gustav Stresemann of Germany, whose sudden death shocked all the delegates.

According to Dr. Hjalmar Schacht, head of the Reichsbank and chief of the German delegation, the committee intends to draw up a complete plan of organization for the new bank, which the Young plan provided for. This will include the choice of a location, about which there have been signs of disagreement among the big powers.

## Labor Party's Session Scene of Disturbance

BRIGHTON (Eng.) Oct. 4. (AP)—Uproar twice today interrupted the conference of the Labor party here. The first disturbance arose when closure was applied to a discussion of an address by Philip Snowden, Chancellor of the Exchequer. The second occurred when two young women handcuffed themselves to the railing on the gallery and shouted denunciations of the Labor party's Cabinet.

In each case epithets were directed at Herbert Morrison.

Three Rolls-Royces—each a re-sale BARGAIN

Four passenger phaetons; newly lacquered black and Buckskin brown; black leather upholstery. \$4,500. Blue phaeton; divided front seat in black leather, rear seat in tan cloth; California top; seats 4. \$4,500. Four-passenger phaeton; gray with orange striping; tonneau windshield. \$4,500. **CULT LEADERS FACE CHARGES**  
Fifteen Grand Theft Counts Listed in Complaint

Mrs. Blackburn and Her Daughter Hunted

Strange Story of Rites on Hilltop Disclosed

May Otto Blackburn and her daughter, Ruth Anglin Welland, are to be leaders of a mysterious religious sect called the Divine Order of the Royal Arm of the Great Serpent, are charged with fifteen counts of grand theft in a complaint issued yesterday by Dep. Dist. Atty. Kearney.

With the issuance of the complaint, Kearney revealed a strange story of secret religious rites performed on an isolated hilltop near Santa Susana, of large sums of money asserted to have been extracted from the worshippers under promises of divine revelations that would place all the undiscovered wealth in the world in the hands of the followers, and of the mysterious disappearance of several persons who once were members of the sect.

FOUNDED IN 1904  
The story dates back to 1904, according to William Reed and Edgar Edwards, detective lieutenants conducting the investigation, when Mrs. Blackburn and her daughter founded a colony on a secluded reservation in the Santa Susana Hills near Moorpark.

It is charged that the two women asserted that a divine voice had dictated to them a book which would reveal all the mysteries of life and death of heaven and earth and reveal the lost measurements referred to in the Bible. This book was to be called the Sixth Seal.

It was through these "lost measurements" Mrs. Blackburn told her followers, according to the investigators, that she would show them the way to find every undiscovered deposit of precious metal in the world thereby placing at their command the future wealth of the spheres.

Clifford R. Delaney, principal complaining witness, was one of the first persons to become a member of the organization. He is a wealthy oil operator living at 315 North Oxford street.

**ROYALTY FACT MADE**  
According to his story to Dep. Dist. Atty. Kearney, Mrs. Blackburn convinced him she would be able to aid him in discovering and developing hidden oil deposits and in exchange for her promises he gave her numerous sums of money amounting to nearly \$40,000. This included a royalty agreement with a large oil company yielding an income of \$500 a month and valued at \$18,000, he asserts.

Another complaining witness is Mrs. Jennie Toy of 27 Ozone street, Venice, who charges that she gave the two religious leaders approximately \$1200.

Meanwhile Edwards and Reed are attempting to find Mrs. Blackburn and Mrs. Welland. The officers also are scheduled to make a trip to the religious colony near Moorpark today to search the cabins for evidence.

**SEARCH FOR AUTO PARTY REQUESTED**

Relatives Fear Three on Mountain Trip May Have Met With Accident

Fear that three Los Angeles residents may have been killed in an automobile accident somewhere in the mountains near Chico yesterday caused relatives to appeal to the Sheriff's office for aid in locating them.

The missing persons are Mr. and Mrs. P. H. Overton of 1070 West Thirty-ninth street, and John Bronner of 1009 Harper avenue. They last were heard from at Chico on September 26, when they mailed a postcard to Los Angeles friends, stating that they were going deer hunting and would return to Los Angeles by September 28.

According to the report, Overton was driving a Studebaker sedan, license No. 1-M-4255.

**Six Injured in Series of Freak Auto Accidents**

Victims of a series of freak accidents which occurred Wednesday afternoon at the intersection of Angeles Mesa Drive and West Forty-eighth street, six persons yesterday were recuperating from injuries.

The mishaps began, according to police reports, with the collision of two automobiles driven by Leo Behan of 638 East One Hundred and Sixth street and Mayne R. Denman of 5122 Angeles Vista Boulevard, in which Behan suffered minor injuries. In making a turn Denman's car is asserted to have been struck by Behan's automobile from the rear.

Just as it was drawing up to the scene of the crash, a police ambulance, according to the police report, was struck and overturned by an automobile driven by Mrs. Gertrude Douglas of 909 North Spaulding avenue, injuring Dr. Herbert Dasse, who "was riding in the ambulance, and Mrs. Pauline Kane, man, 68 years of age, of 7553 S. J. loughy street, and Mrs. Margaret Rathmann, 29, of 908 Genesee street, passengers in the Douglas car.

Noticing the confusion as he was driving by, Andrew Wren, 21, of 1348 Hill street, Santa Monica, is asserted by police to have pulled up to the curb and jumped from his automobile, leaving the motor running. A moment later the driverless car started down the street and ran down F. C. Slack, 50, of 4817 Sixth avenue, and Mrs. Josephine Slay, 62, of the same address. Pedestrians were summoned and the injured persons removed to the Receiving Hospital for treatment.

**DUFFY SIGNS NEW PLAYER FOR DRAMA**

Nydia Westman Slated for Leading Role in "Cooking Her Goose"

Nydia Westman, Broadway's youngest star, will be brought to the Hollywood Playhouse by Henry Duffy on the 18th inst. in a new comedy, "Cooking Her Goose," written especially for Miss Westman by H. H. Van Loan and Lolita Ann Westman. Miss Westman has been the leading feminine star under John Golden's management for several seasons, creating the chief feminine role in "Pigs" on Broadway.

In "Cooking Her Goose," Nydia Westman will have the role of Nancy Gray, daughter of a wealthy family, who decides to secure a thrill out of an elopement. She runs away to Atlantic City with a youth whom she has known all her life, only to find that the youth is her husband-to-be is procuring the license.

Rehearsals are now taking place under the direction of Edwin H. Curtis. The balance of the cast will be announced later.

**Early Dramatic Hit Scored by Stage Veteran**

Harrison King, a veteran of the stage, who is portraying the role of a veteran actor in Edward Everett Horton's production of "The Command Performance," a comedy of royalty and the stage, at the Majestic Theater, once scored the dramatic sensation of the season in Los Angeles.

It was considerably more than twenty years ago, however, and the success King scored at that time would today probably be considered the worst flop of the season by any of the self-respecting Los Angeles producers.

When the present century was just coming to being, King appeared in the title role of the old comedy, "How Baxter Butted In," at the former Grand Opera House on Main street. The comedy ran two weeks to packed houses and was the first play, King believes, to run more than one week in this city. Its fourteen-day run was a theatrical sensation, and everywhere throughout the city people were acclaiming the comedy as a marvelous success.

**Former Stage Star Appears in Warner Film**

Winnie Lightner, whose comedy is an outstanding hit in "Gold Diggers of Broadway" the Warner Brothers' Vitaphone all-color musical film at Warner Brothers' Downtown Theater, has never appeared before in a feature-length talking picture.

However, she has sung for Vitaphone for this "Gold Diggers of Broadway," as she is known on the musical comedy stage, made several Vitaphone short singing presentations several months ago under the direction of Bryan Foy.

Naturally enough, these short sketches were important factors in winning for "Gold Diggers of Broadway," adapted for Vitaphone from Avery Hopwood's stage play. It depicts the interesting and humorous during the first month of the run. The novelty of "Gold Diggers" as well as the excellent entertainment it offers has been responsible for this large attendance of those engaged in the making of screen plays.

**Old Melodrama Revived With Much Success**

"After Dark," one of the most successful melodramas of the nineteenth century, will be presented at the Biltmore Theater commencing Monday night. It will be done in the manner of its own time, grandiloquently, with spectacular mechanical effects as background.

The audience, of course, will hiss the villain, applaud the hero and weep for the poor heroine, who as the author put it, was "neither maid, wife nor widow."

"After Dark" became a vogue with New Yorkers when it was produced last season in Hoboken by a sophisticated crowd of Broadway wags—among them Christopher Morley, the dramatist, and Fred Ahlert, Roy Turk, Raymond Klages, Jesse Greer, Nacio Herb Brown and Arthur Hovey, for the songs have all been highly praised.

**Rudy Vallee to Visit Masquers**

Rudy Vallee and his Connecticut Yankees will be the guests of the Masquers Club at their Sunday night revel. It was announced by Sam Hardy, harlequin. Rudy's father had heard so many times that the Masquers outwitted the Lambs and the Priests Clubs of New York in good fellowship, that he wanted to see for himself, so he is taking Rudy and the band along.

"FADS" SHOW PLEASURE  
"Fads of 1930," now playing at the Burbank Theater, is a good burlesque show. The scenic production is large and attractive. The costumes of both the lady principals and chorus hold attention by their beauty and brightness. The cast of players is versatile and the comedy scenes are new. The song and dance numbers are pleasingly presented. Charlie Fritcher and Billy Mossey are the featured comedians and James Freeman is the straight man. Fay Worman's graceful dancing wins instant approval. June Rhoads scores. Betsy Ross offers a specialty number. Jane Hamilton also appears.

**FORBES SIGNS WITH TIFFANY**

Charles Ruggles' First Will Be Underworld Story; Universal Gets Noted German Dancers for Film; Hal Roach to Personally Direct Langdon

BY GRACE KINGLEY

The talents of that skillful actor, Ralph Forbes, are to be further revealed to his admirers through use of Technicolor, we learned yesterday.

Curtis Nagel and Howard Brown of the Colorart Synchromon Corporation, Ltd., announce they have signed Ralph Forbes to play one of the two featured male leads in their Technicolor feature, temporarily entitled "Mamba," which is to be released through the Tiffany-Stahl organization.

The picture, which is to be directed by Al Rogell under the direct supervision of Rudolph Ploshaw, will be one of the most ambitious all-color productions ever attempted.

The story was written by F. Schumann-Heink and John Reinhardt, the latter of whom gained his knowledge of the locale of the story, which is Africa, by residence in that country several years.

**LASKY COMEDIAN TO PLAY HECHT STORY**

Charles Ruggles' first featured role for Paramount under his new contract will be an original story by Ben Hecht, author of "Underworld" and co-author of "The Front Page." It was announced yesterday. The story is to have an underworld locale, but the name is not disclosed. It is to commence early in October under the direction of Hobart Henley.

Since completing his role in "The Lady Lies," Ruggles has been having a brief vacation in Hollywood and at his summer home at Setauket, Long Island.

**German Dancers Signed**

Two famous German dancers, who are said to be setting Berlin ablaze by the ears these days, have just been signed by Universal to appear in "The King of Jazz," the Paul Whiteman vehicle. It was

**Elks Plan to Attend Play at Belasco**

In honor of Past Exalted Ruler Matt Mattraw, who has an important role in "Lulu Belle," coming to the Belasco Monday evening, certain members of the local lodge of Elks are planning a night at the Belasco during the run of the David Belasco success.

Mattraw is seen as Dr. J. Wilburforce Walker, a dentist of color, who succumbs to the wiles of Lulu Belle, and is robbed of all earthly possessions down even to his prize gold tooth.

In addition to being a prominent Elks, Mattraw is also Scout Master of one of the crack Boy Scout troops of Hollywood, in addition to his stage and screen engagements, is seen frequently at the Scout entertainments. The tireless Elks Master is arranging for the Elks' night at the Belasco in honor of Mattraw.

**Comedy Feature of Program at Variety House**

Comedy, which is always an important ingredient at the R-K-O. Orpheum Theater, has a standard bearer on this week's program in the person of Harry J. Conley, who has just closed a starring engagement on the New York stage with "Broadway Nights." Conley appears in a Willard Mack sketch entitled "Blick As Ever," in which he is supported by Ethel Devore, Ethel Gray, Ray King and Duncan Harris, and which won enthusiastic laughter at the Palace Theater in New York.

Ted Lewis, who has been held over with his Musical Klowns and Eleanor Brooks for a second week at the Orpheum, offers a new program of music also pleasantly sprinkled with comedy. In fact, there is a plentitude of laughs throughout the bill, in the acts of Joe Mendi, the international enigma; William Ebbes "In Egypt" and in the performance of the Dute Four, a quartet of versatile colored entertainers.

Czecho-Slovakia has 271 coal mines in operation and these employ nearly 95,000 men.

**Hit-of-Hits**

"Without exception the best show in Los Angeles today" say thousands of our patrons.

Carla and Eleanor will leave Berlin for New York on the 8th inst. They will not linger in the East, but will come at once to Hollywood.

We hear that it is likely, if their first effort proves successful, that the sisters will be signed by Universal on a long-term contract.

Roach Directs Langdon.

So much faith has Hal Roach in the genius of Harry Langdon as an actor that he is going to leave no stone unturned to make the comedian's first picture under his new contract a wow. To that end Roach is going to direct the talker himself.

The comedy is yet untitled, but the character which Langdon will play is that of a man-of-all-work in a railway station, where a theatrical company comes to town.

Thelma Todd will be Langdon's leading lady, and the remainder of the cast will shortly be assigned.

Jane Winton, Too!

Nearly everyone in the film colony has at one time or another, it seems to us, appeared in Caddo's "Hells Angels."

So who leave out so charming an actress as Jane Winton? The omission has not occurred. Miss Winton is a just completed a nice little part in the talking version of the picture, we learned yesterday.

Miss Winton recently completed one of the leading roles in First National's "Furies."

Lloyd Hughes With R-K-O.

Lloyd Hughes is surprising all his friends with the charm of his voice. He has been studying quietly for months. Now he is to appear opposite Bebe Daniels in her next picture, and will sing a number of songs.

## UTILITIES MEN AGAIN FACE QUIZ

Opposition to Power Board Methods Sought

Witnesses All Deny Fight on Accounting Plan

Authorship of Memorandum Generally Denied

WASHINGTON, Oct. 3. (AP)—The Federal Trade Commission, pursuing its investigation of public power utilities, today dipped briefly into the attitude of utility interests toward the Federal Power Commission in an unsuccessful attempt to establish the authorship of an unsigned memorandum which had been circulated as purporting to represent opposition by the utility interests to the commission's accounting methods.

Paul A. Schoenhopf, president of the Niagara Falls Power Company, under questioning by commission counsel, disclaimed any knowledge of the memorandum, said he had not inspired it and that it did not represent his views.

M. O. Leighton, Washington consulting engineer, who said his work was largely confined to utility matters, likewise said he had no connection with the memorandum. He

## HAPPY, CONTENTED MEN, HE SAYS, DON'T GET HURT

CHICAGO, Oct. 3. (Exclusive)—Be happy and contented and you won't get hurt, was the advice of Dr. Harold S. Hulbert of the University of Illinois Research and Educational Hospital in a speech before the general session of the annual Safety Congress now being held at the Stevens Hotel.

"A man at the time he causes an accident is not happily thinking of his work, but is thinking of himself emotionally," Dr. Hulbert said. "A man who is comfortable in mind and body and at ease with himself, adjusted to his work, to his environment and to his home life, whose

said that while he considered the power commission's accounting methods "cumbersome and unworkable" he could not answer directly whether the views expressed in the mysterious paper coincided with his as a large portion of the document was devoted to aspects which have not figured in his work.

Paul S. Clapp, managing director of the National Electric Light Association, was on the stand briefly to say that the document did not "have authority and does not express the sentiments, opinions, or viewpoints of the National Electric Light Association." He said the memorandum had been given circulation by Lawrence Todd, a Washington newspaper man.

A number of documents relating to previous phases of the inquiry

work record is good, thus showing he is neither sick, perplexed nor fatigued, and also showing he is not misplaced, inadequate nor discontented—such a man is not likely to cause accidents.

Ninety per cent of accidents are of mental origin and result through carelessness, the expert stated. He attributed many accidents to over-exertion and fatigue. A kind word or a properly spoken request increases the workman's accuracy, Dr. Hulbert said. He has observed that elevator men stop their cars more closely at floor levels when the passengers say "please" rather than giving the floor numbers in a gruff or sharp voice.

were introduced by counsel for the commission. Chairman McCulloch announced at the close of the hearing that further proceedings will be suspended for several weeks because of illness of the chief counsel.

## Gems Lost by Actor's Wife

Yosemite, Oct. 3. (AP)—Loss of a purse containing \$18,000 worth of jewelry and \$150 in currency was reported to rangers' headquarters here today by Mrs. Charles Mack of Beverly Hills, wife of a member of the "Two Black Crows" stage team.

## HALT ORDERED ON HIP SLAPPING

Dock Methods of Customs Officials Scored

Only Persons Suspected Should be Searched

Promiscuous Liquor Hunt Brings Complaints

WASHINGTON, Oct. 3. (AP)—Discontinuance of "hip slapping" of persons returning from abroad by customs agents was ordered today by the Treasury Department.

Announcing the order, Assistant Secretary Lowman said many protests against the practice and other "such undignified methods of attempting to discover contraband" have been received. From time to time persons landing said their hip and coat pockets had been slapped in searching for liquor flasks.

"It is expected," he said, "that inspectors of customs when they suspect a person of having liquor or any other contraband in their possession will search the suspect. This is clearly within the law, but promiscuous 'hip slapping' is not the same thing and has been forbidden."

## LATIN-AMERICAN PHONE NEARING

Radio Connections Soon to be Installed

Service Will Rival That Given With Europe

House-to-House Talk Will be Made Possible

BY MARTIN CODEL

WASHINGTON, Oct. 3. (Exclusive)—Persons in North and South America will soon be able to pick up their telephone receivers and talk to each other via a radio-telephone connection similar to the one that now links the United States, Canada and Mexico with nearly all the countries of Europe.

The new circuit will probably be in operation shortly after January 1, 1930. The finishing touches are now being put on the station at Lawrenceville, N. J., which will connect with a station in Buenos Aires.

The development of the international telephone system has been undertaken by the American Telephone and Telegraph Company in co-operation with the International Telephone and Telegraph Company. The international company has been widening its control of Central and South American telephone and telegraph systems and recently has been obtaining wireless concessions in the various countries. Its announced purpose is to co-ordinate wireless telephone, wireless telegraph, and telegraph, land telegraph and submarine cables together "to perform the common task of linking cities and countries to each other and to the rest of the world."

The highly developed North American end of the circuit will make it possible to speak from any telephone in the United States through Lawrenceville to Buenos Aires. The Buenos Aires station will serve the telephones of operating telephone companies affiliated with the I.T. and T. which is best known as the International system.

**FIRST SERVICE**

Argentina, Chile and Uruguay are now linked by long line connections, so that the service at the South American end will probably first be offered in those countries.

Radio concessions have also been obtained by the International system in Peru, Ecuador, Colombia and Nicaragua within the year. More radio stations in South America are planned and radio will be used where available.

The Buenos Aires station was recently linked with Spain and the rest of Europe, furnishing a service across the South Atlantic similar to the one offered since January 3, 1927, across the North Atlantic.

The day is coming when persons in every country in the world, by having a well-developed domestic telephone system will be able to carry on conversations with persons in every other country.

Only this week America talked with Australia through regular telephone instruments for the first time. Officials of the American Telephone and Telegraph Company conversed with Australia telephone officials in Sydney, their voices being exchanged via radio-telephone circuits connecting the United States with Great Britain and Great Britain with Australia.

**OVER SHORT WAVES**

Thus the voices traveled 15,000 miles by radio short waves connecting the wire systems of the United States and Australia. Occurring at 4 p.m. in New York the time of the exchange of conversation in Sydney was 6 o'clock on the morning of the next day.

The trans-Atlantic telephone service now available to American telephone subscribers is being widened as fast as the international telephone systems of European countries are built up. This was evidenced last week when service to Czechoslovakia, until then limited only to the city of Prague, was extended over the whole of that country because its own long-distance system had been completed.

The same will hold true of South American countries, some of which will not get the international service until their own local and long-distance telephone systems are built up.

## Young Appoints Group to Study Bay Bridge Plan

SACRAMENTO, Oct. 3. (Exclusive)—Gov. Young today announced the appointment of four members of the San Francisco Bay Bridge Commission to work with a similar number of commissioners named by President Hoover, to study problems relating to the proposed bay structure.

They are: George T. Cameron of San Francisco, publisher of the San Francisco Chronicle; State Senator Breed of Oakland; Charles D. Marx, professor emeritus of civil engineering at Stanford University; and C. H. Purcell, State Highway Engineer.

President Hoover named Mark L. Requa as his personal representative in the negotiations and to act as chairman of the commission. In addition, he named four other commission members—Rear Admiral W. H. Stanley and Rear Admiral L. E. Gregory, representing the Navy; and Col. George B. Pillsbury and Maj. Edmund L. Daley of the United States Engineering Corps.

## Moody Receives Threat of Death in Borger Fight

AUSTIN (Tex.) Oct. 3. (AP)—Gov. Moody was threatened with death unless he "kept his nose out of business at Borger" in an anonymous letter postmarked in New York, which the Austin police department received today. It came special delivery by air and was addressed to Chief of Police R. D. Thorpe.

The unsigned missive was viewed here as a possible reprisal for racketeers against the Governor for his placing the Northwest Texas oil boom town under martial law Saturday and ordering National Guardsmen and rangers to displace Hutchinson county officers.

## Announcing the Dedication

# THE WEE KIRK O' THE HEATHER

At Forest Lawn Memorial Park

**SPONSORED by the Order of Scottish Clans and the Daughters of Scotia, Forest Lawn's "little church," the recently constructed Wee Kirk o' the Heather, will be dedicated in the Scottish manner**

**Sunday, October 6 at 2:30 P.M.**

The Wee Kirk o' the Heather is an exact replica of the little kirk in Dumfriesshire, Scotland, whence Bonnie Annie Laurie, famed in story and song throughout the English-speaking world, worshipped each Sabbath Day. Within this companion to the famous Little Church of the Flowers will be placed the original communion tablets used by Annie Laurie during her life.

Representatives of twenty-one Scottish Organizations of Southern California will attend the dedicatory service, the program of which includes Reverend Douglas Stuart, Burr McDonald, Dr. Robert Macintosh, Frank McWilliams, Margaret MacTaggart in "Annie Laurie," Robert Hutton, and the Scottish Clan Bagpipers. The service will be broadcast over K H J.

## SENATE AD TARIFF CH

Two of G.O.P. A to Bill Given A

Both Look to Abol of Foreign Val

Presidential Claus Foretold by R

WASHINGTON, Oct. 3. (AP)—Senators proceeded today to consider the tariff plan on the rocks, without record vote, looking to future of foreign value as a means of valuing raw materials.

The second action by the Senate on the tariff plan was to order an amendment to be added to the bill, which would require the government to adopt a formula for determining the value of raw materials.

The amendment would require the government to adopt a formula for determining the value of raw materials, which would be based on the average price of the materials in the United States during the preceding year.

The amendment would also require the government to adopt a formula for determining the value of raw materials, which would be based on the average price of the materials in the United States during the preceding year.

The amendment would also require the government to adopt a formula for determining the value of raw materials, which would be based on the average price of the materials in the United States during the preceding year.

The amendment would also require the government to adopt a formula for determining the value of raw materials, which would be based on the average price of the materials in the United States during the preceding year.

The amendment would also require the government to adopt a formula for determining the value of raw materials, which would be based on the average price of the materials in the United States during the preceding year.

The amendment would also require the government to adopt a formula for determining the value of raw materials, which would be based on the average price of the materials in the United States during the preceding year.

# SENATE ADOPTS TARIFF CHANGES

Two of G.O.P. Amendments to Bill Given Approval

Look to Abandonment of Foreign Valuations

Presidential Clause's Return Forwarded by Evans

WASHINGTON, Oct. 3. (AP)—The Senate passed today in an unopposed vote after the storm that the administration flexible tariff bill, which would convert the tariff from a system of valuations to one of duties, and adopt a new system of duties. The bill is a basis for a new tariff system, and is a basis for a new tariff system, and is a basis for a new tariff system.

SENATE STUDY PLANNED  
The provision was eliminated by the Senate committee in the belief that the tariff commission, created by the bill, would be sufficient, but the committee agreed to its resumption after Senator Norris, Republican of Nebraska, suggested it. The bill is to have two agencies, one to study the question of the tariff, and the other to study the question of the tariff.

NEBRASKA'S STAND  
The Nebraska group there are many in the present avowedly in the tariff commission, and he prefers to have the second commission conducted by an agency other than the tariff commission. If the two agencies agree on the method to be followed, he will add weight to the bill. Should they disagree, the bill will be thrown out of the Senate.

SENATE STUDY PLANNED

NOBODY REALLY SOMEBODY RADIO CHAIN TO OPEN ON COAST

Fortune of \$650,000 Awaits Unknown Who Has No Knowledge of It or His Own Identity

Seattle Station to be Key of Broadcast System

Los Angeles Has Link in Outlet of Programs

Aberdeen Man President of New Company

SEATTLE (Wash.) Oct. 3. (P)—A new radio chain, to have headquarters and the key station in Seattle, has been formed. It is expected to have an announcement made by Charles M. Thomson, vice-president of the Pacific Coast Broadcasting Co., who has been operating radio station KPO. The chain will have outlets in Portland, San Francisco, Los Angeles and perhaps other leading coast cities, Thomson said.

The new company, known as the West Coast Radio Company, has gained control of radio station KPO, Seattle, under an agreement to move the transmitter to Westport, Wash. They also applied today to the Federal Radio Commission for permission to transfer KPO and KQ's licenses to the new owners.

Rogan Jones, Aberdeen, Wash., radio operator, is president of the new company.

THE TALE OF Mr. Nobody is a story of a man who has been in the world for 33 years, but who knows no one and has no knowledge of his own identity. He is a "nobody" worth \$650,000. IS NEGLECT MANSLAUGHTER?

Woman Indicted for Allowing Sick Husband to Die Without Proper Care and Attention

HAVERSTRAW (N. Y.) Oct. 3. (Exclusive)—An extraordinary indictment, which charges a wife with manslaughter in the second degree on the ground that her neglect of her sick husband caused his death, has been returned by a Rockland county grand jury.

This outgrowth of a case in which a woman was charged with manslaughter in the second degree on the ground that her neglect of her sick husband caused his death, has been returned by a Rockland county grand jury.

The indictment was returned against a woman who was charged with manslaughter in the second degree on the ground that her neglect of her sick husband caused his death. The indictment was returned against a woman who was charged with manslaughter in the second degree on the ground that her neglect of her sick husband caused his death.

MACDONALD ON CHAIN PROGRAM

Britain Will Address Nation Over Columbia System

KHJ to Broadcast Arrival for Southern California

Scotch Tunes and Football Features for Tonight

BY DR. RALPH L. POWER

Pass throughout the country will have an opportunity early this morning to hear the voice of J. Ramsay MacDonald, British Prime Minister, through the Columbia Broadcasting System, which is released locally through KHJ, the Don Lee station.

The broadcast, as announced last night, will start at 6 o'clock, Pacific Coast time. At that hour, for thirty minutes, a battery of announcers will give a word description of the arrival of the J. S. Berengaria at Quinsigamont, the journey of the New York City tug Macdonald, and the official landing at the dock.

30,000 lives at stake!

The story of Phil Klipp, chief wireless operator, S. S. Bell, Harding (1923)

"Remember the horrors of Russia back in '22? Well, the lives of 30,000 people depended on my Brandes head phones. At that time I was aboard the S. S. Bellingham, discharging relief cargoes of grain for the city of Theodosia on the Black Sea. Telephone wires—cable wires—the Bolsheviks had destroyed them all. Our only means of communication with the American Relief headquarters in Constantinople, 430 miles away, were my wireless and Brandes head phones. In 12 days, I sent 185,000 words. If my Brandes head phones had gone dead on me—for only a day—I well—now you know why anything that carries the name of Brandes stands as high with me. That new set is a wonder—and such a low price!"

Amazing Value!

BRANDES CONSOLE B-15 \$133.25

pictured here—7 tubes and rectifier tube

AMAZING is the word! Never before in the history of radio did such little money buy a cabinet as handsome as this—PLUS dynamic reproducer—PLUS remarkable selectivity that brings you the one station you want! Here is the only radio in the world whose history dates back to 1908—the only radio that comes to you as the climax of 21 years of research and experiment! You see—and hear—the difference immediately! \$133.25.

STANDARD OIL  
DENIES RUMORSControl of Pacific Public  
Service to be HeldKingsbury Says Development  
of Utility PlannedLetter Sent to Stockholders  
of Acquired Concern

Declaring that the Standard Oil Company of California contemplates the further development of the properties of the Pacific Public Service Company and hopes for the continued prosperity of the companies involved, K. R. Kingsbury, president of the oil company, in a letter to the holders of securities of the Pacific Public Service Company and its subsidiaries yesterday stated that it was the intention of his company to retain the control lately acquired.

No negotiations for the disposition of the control have been considered nor any contemplated, rumors to the contrary notwithstanding, according to Mr. Kingsbury, in reference to reports of conflicts with the interests of the Pacific Gas and Electric Company concerning the distribution of natural gas, he said there was no conflict and that the territory served by the Coast Counties Gas and Electric Company and by the Pacific Gas and Electric Company, respectively has been outlined by the California State Railroad Commission.

OFFICIALS REMAIN  
The executive management of the acquired company remains unchanged, the officials now in charge having agreed to continue, Mr. Kingsbury announced. The letter is in part follows:

"It is the intention of the Standard Oil Company of California to retain the control lately acquired and there have been no negotiations for the disposition of control nor any contemplated rumors to the contrary notwithstanding. On the contrary, the Standard Oil Company contemplates the further development of the properties acquired for the continued prosperity of the companies involved.

DENIES CONFLICT  
"With particular reference to reports of conflict with the interests of the Pacific Gas and Electric Company, the Standard Oil Company wishes to state that there is no conflict. The territory served by the Coast Counties Gas and Electric Company and by the Pacific Gas and Electric Company, respectively, has been outlined by the California State Railroad Commission.

"With reference to the Coast Counties Gas and Electric Company, the Standard Oil Company plans to bring natural gas to the areas served by that company. It hopes that this will mark a new era of industrial development in these regions which will be of great benefit to the entire community."

BANK COMBINATION  
PENDS IN CLEVELAND

CLEVELAND, Oct. 3. (Exclusive)—Negotiations are under way to consolidate the United Banking and Trust Company and the Central National Bank, it was officially announced today. The new institution, to be called the Central United National Bank, will have a resources well over \$100,000,000. The affiliated securities company, which will be known as the Central United National Securities Company, will also have an enlarged capital structure.

WORLD OIL OUTPUT UP  
NEW YORK, Oct. 3. (Exclusive)—World oil production for 1929 will aggregate close to 1,467,000,000 barrels, an indicated increase over 1928 of 145,000,000 barrels, or nearly 11 per cent, according to V. R. Garde, manager of the foreign oil department of Henry L. Doherty & Co.

EXETER OIL  
ANNOUNCES  
NEW DEALAcquisition of Signal  
Hill Properties Will  
Increase Output

Directors of the Exeter Oil Company, in line with a development policy to materially expand the operations of the company, have completed negotiations for the acquisition of producing properties at Signal Hill which will increase by four times its present rate of production, Carl Von Bibras, president, announced yesterday. It was understood that this is the first step in the expansion program and that other deals for additional properties are now pending.

While the negotiations for the Signal Hill properties have been completed, Mr. Von Bibras stated that he is unable at this time to outline the terms of the purchase or the location of the properties. It is believed, however, that further details will be announced shortly.

Net earnings of the company due to this acquisition, will run in excess of \$40,000 monthly, equivalent to \$480,000 annually or an annual rate of 80 cents a share on the 600,000 shares of \$1 par value capital stock now outstanding, officials of the company estimated.

Net earnings for the second quarter closed June 30, last, were reported at \$22,413, or the annual rate of about 16 cents a share on 600,000 shares and the net earnings for the first half of the year were reported at \$45,528, equal to 9 cents a share or the annual rate of 18 cents a share on 600,000 shares.

It is understood that the Signal Hill acquisition contains three producing wells from the deep sand zone with a combined production of about 15,000 barrels daily and that the company plans the immediate drilling of additional wells.

Exeter stock, listed on the Los Angeles Curb Exchange, has featured the market during the past week and on a large volume of sales has advanced from \$1.50 to a high yesterday at \$2.30.

New Grocery  
Chain Planned

Plans for the formation of a new chain grocery system under the name of Continental Chain Stores, Inc., which will be closely associated with Western Dairy Products Company, owner of California Baities, Inc., were disclosed yesterday in a letter to stockholders of Daley's, Inc., advising holders that a sufficient number of preferred and common shares have been deposited in escrow under option to Bank & Goodwin & Tucker, Inc., now known as Tucker, Hunter, Dulin & Co.

Based on the exchange of stock for that of Daley's, Inc., was not made public, but are outlined on the options being mailed stockholders, along with the suggestion that their stock be deposited in escrow. It is understood that options have been obtained on other companies in a similar line of business, but that the new company has not yet been incorporated.

COLUMBIAN CARBON  
IN RIGHTS OFFERING

NEW YORK, Oct. 3. (Exclusive)—Stockholders of the Columbian Carbon Company of record the 18th inst. have been given the right to purchase additional stock at \$17.50 a share in the ratio of nine shares for each 100 shares held. The rights expire November 11. This offering entails the issuance of 41,161 shares of authorized but unissued shares.

BALDWIN CAPITAL  
INCREASE RATIFIED

PHILADELPHIA, Oct. 3. (Exclusive)—Stockholders of Baldwin Locomotive Works today approved the plan of increasing the common stock from 200,000 shares of \$100 par to 2,000,000 no par shares and the issuance of four new shares for each share held. The company will acquire the Southwark Foundry and Machine Company through the exchange of 40,000 shares of new common stock.

## UTILITY NET JUMPS

NEW YORK, Oct. 3. (Exclusive)—Engineers' Public Service Company and subsidiaries today reported for the twelve months to August 31, last, net income of \$10,822,426 after charges and subsidiary dividends but before reserves, as against \$6,890,426 in the previous year.

## SPLIT-UP APPROVED

BALTIMORE, Oct. 3. (Exclusive)—Stockholders of Commercial Solvents Corporation today approved the proposal to split the stock ten for one and to increase the number of shares from 250,000 to 3,000,000.

## BANK GROUPS TO VISIT CITY

Many Delegates Returning from Convention Plan for  
Glimpse of Various Southland Areas

Bankers from various parts of the United States, delegates to the American Bankers' Association convention at San Francisco, are taking advantage of the opportunity to visit other parts of California, according to James B. Duffy, general passenger agent of the Santa Fe Railway, who stated yesterday that a host of bankers is to arrive here this morning.

Leaving San Francisco tonight over the Santa Fe, another large party will visit Yosemite Valley, Riverside and San Diego before returning to Los Angeles on the 10th inst. Here the train equipment will be released and the party will use Panama Pacific Service eastward through the Panama Canal.

Another party that will visit Los Angeles will be the members of the Pennsylvania Railroad Bankers' Tour, which will arrive here over the Southern Pacific next Monday morning, after spending two or three days at Santa Barbara. From here, the party, which will consist of about 100 persons, will go to San Diego for a motor trip to La Jolla and Agua Caliente. Returning to Los Angeles, the party will stay at the Biltmore for a two-day stay.

Members of the New York Central Bankers' Tour, comprised of people and moving to sections, will arrive here this morning over the Southern Pacific and remain two days, as the guests of the Los Angeles Clearinghouse Association. An extensive program of entertainment has been arranged by a committee headed by W. D. Lonsyear, vice-president of the Security-First National Bank and treasurer of the A.B.A.

Today the bankers will visit Warner Brothers studio and will later be served with a barbecue dinner at the Uplifters' ranch. Through the efforts of the tour committee, the Flintridge, Hollywood, Hillcrest and the Hollywood country clubs have been placed at the disposal of the visitors. Sightseeing trips have also been arranged and beach privileges.

Wednesday night the Pennsylvanians will again board the Santa Fe for the run to Chicago, but will stop half a day at Riverside, where the party will have breakfast at the Mission Inn, and then motor to San Diego, where they will remain until the morning of the 10th inst. This group will also visit Santa Fe, N. M., and take a motor drive to Terqueque Pueblo and other points of interest en route.

London Market  
Tone Cheerful  
LONDON, Oct. 3. (Exclusive)—The stock market had a cheerful tone today, but the turnover was small. Shares of international issues were quiet. International Nickel was lower. Gramophone issues were easier, while margarine and Columbia Graphophone held firm. Tobacco was quiet, with British American lower. Artificial silk, textiles and rubbers were dull. The oil group was reactionary, while mining issues were steady. Associated Electric remained firm. Ford Motors, Ltd., was quoted around 23-9-16 and Brazilian Tractors around 27-1-1.

The gilt-edged division had a firm tone. Foreign issues generally were dull. Home rails held firm, while Argentine rails were dull.

Durant Finance  
Arm to Dissolve

DETROIT, Oct. 3. (Exclusive)—Dissolution of the Durant Acceptance Corporation, an announcement of stockholders on an approximate dollar-for-dollar basis, was officially announced today by J. F. Phillips, chairman of the board. Stockholders will vote on the directors' proposal on the 18th inst. at Wilmington, Del.

This action follows the announcement made two days ago that Durant Motors, Inc., has made an arrangement with the Commercial Investment Trust to finance car sales for Durant dealers.

CROWN ZELLERBACH  
MANAGERS TO MEET

Conferences of managers of Crown Zellerbach Corporation's mills will be held periodically until the plant expansion is completed, the company yesterday. The first meeting of division managers will be held at Port Angeles, Wash., the second inst. will be at Seattle, and the third at Tacoma. The company is planning to establish additional schools throughout the country, Mr. Evans said.

AMERICAN SUPPLY OF  
GOLD SEEN AS AMPLE

WASHINGTON, Oct. 3. (Exclusive)—Fear that the gold supply of the country is insufficient to maintain prosperity expressed in some quarters by bankers and financial men, was lifted today by high government officials. They said there was plenty of gold to care for trade and business emergencies and that the prosperity of the stock market was dependent on speculation. There is no need to fear a reduction in the gold supply.

Inland Empire  
Banks Merge

SAN FRANCISCO, Oct. 3. (Exclusive)—Twenty-two banks in Eastern Washington and Northern Idaho aggregating \$44,061,729 in resources are being affiliated with the Old National Corporation, a holding organization fostered by the National Bank and Union Trust Company of Spokane, it was reported here today.

Kinner Tells  
Net Profits  
for August

Net profits of the Kinner Airplane and Motor Corporation for August totaled \$38,548 after depreciation without giving effect to amortization of engine development, according to the first financial statement of the company, which was issued yesterday. Deficit from operations from August 1, last, amounted to \$30,832, the balance after the August profits amounting to \$7,715 was carried to "surplus from operations."

In a letter to stockholders signed by W. B. Kinner, president, it was stated that indications are that the net profit per month on a regular production schedule of 300 motors a month will be increased by at least 50 per cent as the plant and the operators become more efficient, due to continued mass production. Present production is held to about 100 to 150 motors a month. In August 308 motors were built and shipped.

Current assets as of August 31, including inventories, totaled \$1,458,478.61, against current liabilities of \$355,507.22, a ratio of better than four-to-one.

Beverly Hills  
Bonds Offered

Public offering of \$200,000 City of Beverly Hills Municipal Improvement District No. 5, 5 1/2 per cent bonds, maturing 1929 to 1968, inclusive, will be made today by the Anglo London Paris Company and Dean Witter Company. The bonds are priced to yield 6 to 5.20 per cent yield basis.

INLAND STEEL HEAD  
FORECASTS GAIN

CHICAGO, Oct. 3. (Exclusive)—L. E. Block, chairman of the board of the Inland Steel Company, today stated that earnings for the September quarter are expected to show an increase over the corresponding period of 1928, when net income after all charges amounted to \$2,089,439, or \$7.74 a share on the 2,698,000 shares of common stock outstanding. An increase in the September quarter would be the seventh consecutive gain in quarterly earnings and indicates that 1929 will be the company's best year since the World War.

GILMORE EARNINGS  
POINT UPWARD

With the announcement of the declaration of the regular quarterly dividend of 30 cents a share on the capital stock of the Gilmore Oil Company, payable the 15th inst., the record of record the 15th inst. C. B. Beemeyer, vice-president, yesterday stated that earnings are far in excess of dividend requirements. He said that further expansions of the company's activities are being planned and reported sales of gasoline during September set a new record.

BANK LOANS  
TO BROKERS  
UP SHARPLYIncrease of \$43,000,000  
Reported by New York  
Reserve Institution

WASHINGTON, Oct. 3. (AP)—Loans to brokers and dealers held by New York Federal Reserve member banks for the week ending the 2nd inst. were announced by the Federal Reserve Board today as \$6,804,000,000 representing an increase of \$43,000,000, as compared with the previous week and setting a new high record for the seventh consecutive week. The loans for the week ending October 3, 1929, were \$4,570,000,000.

The detailed distribution of the loans over the three weeks dealt with in the board's report was:

For own account: Sept. 29, 1929, Oct. 3, 1929

**MEXICO CITY, Oct. 3.**—American oil companies operating in Mexico are charged, in a statement by the Mexican Department of Industry and Commerce published today, with letting operations in Mexico lag so far to conserve a supply near the United States for an emergency.

**Chicago, Oct. 3.**—The Argentine had turned out to be of little value to the United States, a November shipment was being held to be shipped to Liverpool. Besides, when shipments from Argentina for the current work amounted to nearly 5,000,000 bushels, a total much larger than during the war previous to a free sale.

**NEW YORK, Oct. 2 (AP).—**Stock prices were in a wide-open break, which many observers believe may have been premature. Stock prices began to hit the market about 10:30 a.m. and continued to rise. That was the first time since the invasion of Iraq that the American stock market had started suddenly in the morning. The market was trading today when a heavy rain fell over the city.

The statement was in answer to figures recently put before the Mexican Chamber of Deputies by the oil men in connection with discussion of the proposed new labor laws. In these figures the oil men pointed out an enormous drop in production in Mexico since 1921. The figures showed that production had fallen from 1,000,000 barrels a day in 1921 to 100,000 barrels a day in 1929. The oil men pointed out that this was due to the fact that the Mexican government had nationalized the oil industry in 1938. The oil men pointed out that this was a mistake and that the Mexican government should have nationalized the oil industry in 1921. The oil men pointed out that this would have allowed them to develop the oil industry and to export the oil to the United States. The oil men pointed out that this would have allowed them to develop the oil industry and to export the oil to the United States.

**WASHINGTON, Oct. 2 (AP).—**The Washington Electric and Manufacturing Company, second largest unit in the electrical manufacturing industry, has plants throughout the United States. Forty per cent of the equipment for the Radio Corporation of America is manufactured on a contract basis. Output includes machinery for the production of radio tubes, vacuum tubes, and other electronic components. The company also manufactures electrical equipment for the automotive industry, including radios, speakers, and other electronic components. The company has a long history of innovation and has been a leader in the development of new technologies in the electrical and electronic industries.

FOR the past few years, we have consistently recommended the purchase and holding of Cities Service Company Common Stock with resultant profits to our clients. Today, we believe more than ever, this issue presents an outstanding opportunity in the utility stock field.

Total assets now exceed \$900,000,000 and the company ranks as one of the largest in

through a vast nation-wide network of more than 60 subsidiaries, the company provides utility service in 18 states, serving a population of 4,000,000. In addition, it controls more than 30 companies representing an important system of oil production, transportation, refining and marketing.

For the year ended August 31, 1929, net earnings applicable to common stock and reserves, were in excess of \$25,000,000 or \$1.13 per share on the average number of shares outstanding. Monthly dividends of 2 1/2¢ in cash or 1/2 of 1% in common stock were paid.

RESTAURANT OWNER

BADLY HURT IN FALL

GLENDALF, Oct. 3.—John R. Nibbs, restaurant proprietor, was seriously injured today when he slipped from a ladder on which he was working at his place of business, 1134 South Grand Boulevard, striking his head and is believed to have sustained a fractured skull. Employees of the restaurant found him lying unconscious in the alley behind the place and had him taken to the Windsor Hospital, where his condition is said to be critical. One rung of the ladder was broken, leading police to believe that this may have caused his fall.

Principal and semi-annual interest (April 15 and October 15) payable at the office of the Treasurer of the City of Beverly Hills. Registrable as to principal and interest.

EXEMPT FROM ALL FEDERAL INCOME TAXES

Applications will be made to have these bonds certified as a legal investment for Savings Banks and Trust Funds in California.

EXEMPT FROM PERSONAL PROPERTY TAXES IN CALIFORNIA

FINANCIAL STATEMENT

Estimated Real Valuation \$60,000,000

Assessed Valuation 30,132,270

Total Bonded Debt 440,000

Population (Present Estimate) 7,000

Beverly Hills Municipal Improvement District No. 5 includes the entire portion of the City of Beverly Hills north of Santa Monica Boulevard. This district is highly improved and comprises one of the finest residential areas in Southern California. The proceeds from the sale of these bonds will be used to purchase for park purposes a strip of land eighty feet wide paralleling Santa Monica and Wilshire Boulevards.

Issued under the Municipal Improvement District Act of April 20, 1915, as amended, these bonds are direct obligations and are payable principal and interest from unlimited ad valorem taxes on all taxable property within the district. These taxes are levied and collected simultaneously and as a part of the city and county taxes.

Legality subject to the approval of Messrs. O'Melveny, Tuller & Meyers, Los Angeles.

## FLORIDA'S FRUIT WOES CLEARING

California Expert Advises on Surplus Disposal

By-products Use Expected to Cut Wastage

Pectin, Oil and Stock Pulp Taken from Peel

**BY KANSOME SUTTON**  
Edward M. Chase, in charge of the United States Department of Agriculture's experimental laboratory of fruit and vegetable chemistry, located at 148 Mission Road, Los Angeles, has just returned from Florida, where he was called to discuss with the troubled fruit growers the best method of disposing of their surplus fruit. Because of his scientific work in citrus by-products here in Southern California, Dr. Chase was able to give some very practical advice to the people of Florida.

Under present regulations, he says, it is still legal to ship fruit from Florida to some parts of the country. Generally speaking, a line drawn north of North Carolina, Tennessee, Arkansas, Oklahoma and New Mexico, then north to the Idaho-Canada boundary, cuts off the southern and western States into which it is illegal to take Florida fruit in any form. Into the middle States north of the line, however, treated fruit from any source is permitted.

There are several methods of attack, says Dr. Chase. One method is to remove the fruit as fast as it drops and bury it in quicklime. Another method is to spray part of the trees with a mixture of arsenic and molasses. This latter method has no effect on the fruit, but the fly begins laying eggs. But for the first four days after the fly emerges from the ground, the feeds and does not eat. Feeding upon the molasses mixture, she dies. If she lives long - than four days, she lays eggs in any ripe fruit, and the grubs, or maggots, which she lays, begin to eat the fruit.

## PORTIA WINS OWN ALIMONY

Mrs. Dena Jacobson Brilliant, formerly a deputy city attorney, went into court yesterday and secured for her husband, Harry Jacobson, a divorce and alimony.

The divorce was granted by Judge Cato, who made the trip there yesterday to recover it from the sheriff and interrogate a woman, in a collision with whose automobile the suspicious fender was torn last Sunday from another car believed to have been driven by the slayers. It was turned over to police fingerprint experts for examination, but they reported the examination was without results.

Hope of picking up descriptions of the trio from the Oxnard woman who figured in the crash van-

ished temporarily, Prosper and Taylor reported, when it was learned she had left town. Another effort Capt. Cato said.

Antik was slain at the intersection of Melrose and Fuller avenues, Hollywood, while on his way home from a drug store. Three men drove up to him, rendered him unconscious with a lead-weight and then riddled his head with bullets, in full view of twenty witnesses.

Police believe the murder was committed by reprisal gunmen avenging a pistol battle Antik engaged in six years ago with bandits, and which resulted in one of the bandits being sentenced to prison.

The jury deliberated less than three hours in reaching a verdict finding Washburn guilty of accepting a bribe of \$500 from Harry D. McDonald, asserted bootlegger. Under the verdict Washburn faces a prison term of from one to ten years. He will come before the court Monday for sentence, at which time it is expected his attorney, Joseph L. Palmer, will file a motion for a new trial.

McDonald testified that he gave the \$500 to Washburn in October, 1926, following a raid on McDonald's asserted bootlegging establishment on Woodlawn avenue. The state charged Washburn accepted the money to refrain from arresting McDonald for a Wright Act violation.

Washburn, who was on the witness stand in his own defense, denied knowing McDonald. He also denied receiving any money from the asserted bootlegger and declared that on the night of the asserted bribe he was engaged in a raid on another place in a different section of the city. The defense offered police reports tending to substantiate this statement.

Commenting on the verdict, Dep. Dist. Atty. McKay, who, with Dep. Dist. Atty. Dennison, prosecuted the case, expressed the opinion that Washburn's defense was "too good to be believed." The jury that convicted Washburn was composed of six men and six women. During the trial they were ordered locked up in custody of Bailiff George Olds.

Defense Attorney Palmer indicated yesterday that he will file an appeal if a new trial is denied.

OTHERS PLEAD

Walter E. (Bob) Evans and Miles H. Ledbetter, police officers charged with accepting bribes in exchange for refusing protection to bootleggers, appeared before Superior Judge Doran for trial yesterday but were granted a continuance until the 17th inst.

The two men are accused of accepting \$500 from McDonald as "protection" money.

Maceo B. Sheffield and A. T. McLanahan, policemen, also charged with taking bribes and extortion, on appearing before Superior Judge Aggeler for plea entered a demurrer against the indictment seeking to set it aside on legal technicalities. Judge Aggeler set the hearing on the demurrer for the 7th inst. after which their plea will be heard if the demurrer is overruled.

Three Hundred on Osteopathic College's Rolls

Announcing its thirty-fourth scholastic year in Los Angeles, the College of Osteopathic Physicians and Surgeons opened its fall trimester with an enrollment of 300 students, registered for premedical and professional work. It was announced yesterday by Dr. L. Van H. Gerding, president.

A new auditorium building now is under construction, planned to be ready at Christmas, while the capacity of downtown clinics of the school has been materially increased by the addition of a fourth floor.

Operated as a nonprofit institution, the College of Osteopathic Physicians and Surgeons is maintained by the profession under the direction of the California Osteopathic Association.

Dyer Returns to City Today

Dr. Frank Dyer, pastor of the American Church, which met in the Ritz Theater last spring, will return to Los Angeles today from the East, where he has been filling preaching engagements. He wired that services will be resumed in the theater Sunday morning, his subject being "Preaching in the Present Age."

Dr. Dyer has been in the East since the latter part of July. He spoke at Cambridge, Mass., and Chicago. It was in the latter city that he attended the synod of the American Catholic Church, a faith which is in no way connected with the Roman Catholic Church. An erroneous announcement from Chicago several days ago stated that Dr. Dyer was to be ordained into the ministry of the American Catholic Church. The local minister merely spoke at the gathering of ministers in Chicago and was not ordained by that body.

PRIVATE DETECTIVE'S RITES SET FOR TODAY

Funeral services for Ambrose B. Boyd, for twenty years a private detective in Los Angeles, will be conducted today at 2 p.m. at the Walter G. Blue chapel, 717 West Washington street. Interment will be in Inglewood Park cemetery.

Mr. Boyd died Tuesday after a long illness. He lived at 1406 West Ninth street. He was a detective for several leading corporations in this city and for the past several years for the Tish Guaranty Building.

He leaves his widow, Mrs. Lena Boyd; two brothers, Wesley Grant Boyd in Des Moines, Iowa, and Ben P. Boyd of this city; and a nephew, Paul Boyd, also of Los Angeles.

## OFFICER GUILTY IN BRIBE CASE

Serg. Washburn Convicted in Bootleg Scandal

Jury Deliberates for Three Hours on Verdict

Seven More Policemen Still Awaiting Trial

Thomas Washburn, police sergeant indicted in connection with the recent grand jury investigation of asserted police graft, yesterday was convicted of bribery by a jury in Superior Judge Wilson's court.

Washburn was the first of eight accused policemen to go on trial.

The jury deliberated less than three hours in reaching a verdict finding Washburn guilty of accepting a bribe of \$500 from Harry D. McDonald, asserted bootlegger. Under the verdict Washburn faces a prison term of from one to ten years. He will come before the court Monday for sentence, at which time it is expected his attorney, Joseph L. Palmer, will file a motion for a new trial.

McDonald testified that he gave the \$500 to Washburn in October, 1926, following a raid on McDonald's asserted bootlegging establishment on Woodlawn avenue. The state charged Washburn accepted the money to refrain from arresting McDonald for a Wright Act violation.

Washburn, who was on the witness stand in his own defense, denied knowing McDonald. He also denied receiving any money from the asserted bootlegger and declared that on the night of the asserted bribe he was engaged in a raid on another place in a different section of the city. The defense offered police reports tending to substantiate this statement.

Commenting on the verdict, Dep. Dist. Atty. McKay, who, with Dep. Dist. Atty. Dennison, prosecuted the case, expressed the opinion that Washburn's defense was "too good to be believed." PRIVATE DETECTIVE'S RITES SET FOR TODAY

Funeral services for Ambrose B. Boyd, for twenty years a private detective in Los Angeles, will be conducted today at 2 p.m. at the Walter G. Blue chapel, 717 West Washington street. Interment will be in Inglewood Park cemetery.

Mr. Boyd died Tuesday after a long illness. He lived at 1406 West Ninth street. He was a detective for several leading corporations in this city and for the past several years for the Tish Guaranty Building.

He leaves his widow, Mrs. Lena Boyd; two brothers, Wesley Grant Boyd in Des Moines, Iowa, and Ben P. Boyd of this city; and a nephew, Paul Boyd, also of Los Angeles.

## Chapman Rites Set for Today

Funeral services will be conducted for Francis Avery Chapman this afternoon at 4 o'clock at Pierce Brothers' chapel and interment will be at Forest Lawn cemetery.

Mr. Chapman had resided in this city for the past two years. He came from Denver where he had been in business for more than a quarter of a century, twenty years of which he was connected with the office of the controller of currency at Washington, D. C., as receiver of insolvent national banks. He was a member of the Scottish Rite and a Past Master of a Blue Lodge in Denver.

Mr. Chapman leaves a widow, Jean Hartwell Chapman, and two sisters, Misses Charlotte and Henrietta Chapman of Pasadena.

Formula Sale Fought in Court

Secrets of a formula possessed by the Port Huron Sanatorium for tuberculosis were discussed in Superior Judge Gaten's court yesterday when Charles A. Myers sued Joseph A. Chester for an injunction against disposing of the formula or profits accumulated from its application to patients.

Myers contended that the sanatorium was making plenty of money, but he wasn't getting his share. The court granted a temporary injunction and set Tuesday as the day for hearing on whether it should be made permanent.

MARION COUNTY TO RALLY

Former residents of Marion county, Iowa, will attend a picnic Sunday, the 13th inst., at the sunken bowl in Sycamore Grove Park. It was announced yesterday.

## Park Considered at Point Fermin

An investigation and report on the possibility of acquiring land adjoining the Point Fermin earth slide for park purposes, should the slide area be considered, was requested of Park Superintendent Shaefer yesterday by the Park Board, to which the City Council had referred the petition of Martin J. Mayer and others that the slide should be purchased for park use.

The commissioners were of the opinion that city funds can not be used for the purchase of the portion sliding out to sea because it would be just as dangerous for park use as for residential purposes. Should the situation enable the Park department to acquire adjoining land at a reasonable figure, which formerly was held at a high valuation, it was decided that the matter will be taken up further.

Bledsoe Named in Almond Case

Benjamin F. Bledsoe, former United States District Judge, has been appointed as special master to handle the affairs of the Associated Almond Growers of Paso Robles, it was learned yesterday by Clerk Zimmerman of the United States District Court. The appointment was made by District Judge McCormick, now in New York. The action is the outgrowth of a suit of more than a year ago by John Wymond and 100 other almond growers against the association.

ALDEN KINDRED TO MEET

The regular meeting of the Alden Kindred of California will be conducted at the Roslyn hotel Tuesday evening, with dinner at 8 o'clock.

BULLOCK'S  
BROADWAY HILL AND SEVENTH

A Fashion Source For the Young Modern!

The note of elegance: the all-black coat of broadcloth, trimmed with Persian Lamb!

Green feather-weight wool with dressmaker touches—tucks and ribbon bandings.

The Coat With Fur  
Wool Dresses Light as Silk

**MISSSES' COATS**—a small grouping which Bullock's considers most unusual at \$79.50. You will find them new in silhouette—youthful but by no means naive. Straight-line effects or the modified Princess line. Trimmed with interesting furs: Persian Lamb—Caracul—Ringtail Opossum—Squirrel—Lapin. Cuffs furled to the elbow or smartly plain. Sizes 12, 14, 16 and 18.

**WOOL DRESSES**—a vogue that has direct appeal to youth. Featherweight wools as light as silk! Their smartness is a matter of line—of tailored tucks emphasizing snug hiplines—a lengthened silhouette. And since Bullock's is their source—need we add that these Wool Dresses are beautifully tailored?

Coats and Dresses... BULLOCK'S... Third Floor, Broadway Building

BULLOCK'S  
BROADWAY HILL AND SEVENTH

Smartness In Children's Togs Is Important Point in Wise Buying!

THE smartly dressed child is a necessity in the present day recognition of youthful psychology. The trained parent appreciates the effect of well-styled clothing in child development. No longer can "made-overs" and "cut-downs" satisfy the natural desire of the child for comfortable, becoming and correct clothing. In selecting the child's clothing Bullock's has made unusual effort to secure the latest ideas in chic lines without sacrificing wearing qualities and Bullock value.

BULLOCK'S has long made a specialty of catering to the child and his needs. The entire Fifth Floor is devoted to his apparel and play interests. Parents can shop comfortably, sure that the wide range of Bullock's merchandise will permit them to find what they want, with the assurance that it is styled right and valuable in quality.

Chubby Coats Reflect  
Wisdom of Parents!

**CHUBBY COATS** for children are as appealing as their names! There is wisdom in buying such irresistible togs as these for they meet the requirements of a variable climate, and add smartness of good taste to the smallest one's wardrobe. These Chubby Coats featured by Bullock's are made of 100 per cent Camel pile, giving the effect of a fur coat, but without bulk. They come with Johnny Collar, leather trim and tailored touches throughout. Sizes 7 through 14 are specially priced at \$25. Another model, leather trimmed, in sizes 12 through 16, is priced at \$29.50.

Girl's Shop... BULLOCK'S... Fifth Floor, Broadway Building

New Chilly Day Togs  
Carry Style Notes

THAT "touch of gold" which is so smart in grown-up clothes finds its way into chilly day sweater coats for small girls. Bullock's has procured four dozen of these Jacquard sweater coats with fringed cuffs and pockets and clever scarf collars. They come in shades of Green, Beige, Blue, Red, with contrasting tones. For ages 2 to 6 they are priced at \$7.95; for 6 to 14 at \$9.95. Berets to match are \$1.25.

Children's Sweaters... BULLOCK'S... Fifth Floor, Broadway Building

Gift Suggestions In  
Girls' Pajamas at \$2.95

THESE Rayon Pajamas so dear to all "little ladies" anticipate gift-giving days if fall wardrobes are completed. Trimmed with tailored bands, contrasted in the piping they are shown in pink with orchid; blue with pink; red with white and coral with white. Sizes 6 to 16. Priced at \$2.95.

Children's Underwear... BULLOCK'S... Fifth Floor, Broadway Building

Imported English  
Rain Coats Now \$2.95

No child will mind winter showers if supplied by a shopping-wise mother with an Imported English Rain Coat in happy tones of Red or Blue or Green with delightful checked linings and caps to complete the effect. Sizes 7 to 14. Priced at \$2.95.

Girl's Shop... BULLOCK'S... Fifth Floor, Broadway Building

French Touches In  
Girls' Pert Hats, \$5.00

**FUR** felt for the Junior Girl have lovely lines in the new silhouette and add that pertness to the head which is called "smart." Colors: Black, Navy, Mink, Goose Brown, English Green and Current Red. Just 50¢ at \$5.

Girl's Millinery... BULLOCK'S... Fifth Floor, Broadway Building

Leather Coats Inspire  
Swagger Air in Boys

**LEATHER COATS** for Boys have such a sportswear air that their popularity is continual. That swagger air which develops with the first leather coat continues with each succeeding model. Bullock's offers smart as well as practical models for fall. They are of fine quality sheepskin in tan, blue, red and green; excellently finished in every detail, with full belt, two pockets, convertible collar and plaid lining. Sizes 6 to 20 at \$15.

Boys for Boys... BULLOCK'S... Fifth Floor, Broadway Building

## Polo Shirts at \$1.25

**POLO SHIRTS**, those necessary additions to the Boys' wardrobe which are so popular this season can be had in fine quality cotton, in all preferred colors, tailored to fit correctly in sizes 28 to 36, at only \$1.25.

Boys for Boys... BULLOCK'S... Fifth Floor, Broadway Building

Boys Prefer These New  
Suits Like Dad's... \$25

**SMALLER** duplicates of the smart Tweeds and Burgundy Browns which make Dad's suits so different this fall have just been received by The Store for Boys. These suits are tailored according to Bullock standards, featuring roped shoulders, slightly fitted body lines, Tattersall vests and pleated trousers. They come in rich fall shades of Brown and Burgundy in casimires, herringbones, tweeds, color-flecked tweeds and broken herringbones. Two pairs of long trousers are an appreciated addition to these suits for \$25.

Boys for Boys... BULLOCK'S... Fifth Floor, Broadway Building

## TEACHER FAILS TO REGAIN POST

Gentner Denied Writ in His Fight With Board

Not Meant as Shield for Unfitness, Judge Rules

Removal of Weak Leaders Necessary, Court Holds

While the object of the law is to insure permanency to school-teachers after they have taught successfully for a number of years it is not the object of the law to allow incompetency to become permanent, according to Superior Judge Yankwich, who yesterday denied John Gentner, former instructor at the Franklin Junior High School, a writ of mandate to compel the Board of Education to reinstate him after having discharged him as being incompetent and unfit for service.

The trial of the case lasted several days and attracted considerable interest among educators.

**INCOMPETENCE DENIED**

Gentner was dropped from the pay roll by the Los Angeles Board of Education on the charge that he was incompetent and unfit for service. He was accused of being unable to maintain discipline in his classroom, and failing properly to assist pupils who went to him for instruction. All this he emphatically denied when the evidence of teachers and pupils that had been placed before the board of education was reviewed by the court.

The former teacher asked that he be reinstated in the school system and that he be allowed back pay from September, 1927. The court battle was hotly contested by Attorney William Alderson, representing Gentner, and Deputy County Counsel Fritchard, who appeared for the board. Pupils and teachers testified on both sides.

**JUDGE'S VIEW**

In announcing his decision yesterday Judge Yankwich said: "The object of the Teachers' Tenure Act is to insure to teachers in our schools permanency of tenure, to make a teacher's position permanent after he has complied with the provisions of the law which make him a 'permanent' teacher. Removal, thereafter, can be for cause only."

"The object of the law is to insure that permanency and security which is the essence of successful teaching. But it is not the aim to make incompetency permanent. If incompetency should develop, it is the duty of the board of education to take action to remove the teacher. The duty to do so is one of the most important it owes to the public."

"Courts should protect the rights of the teacher against arbitrary removal. But courts should, in the manner, uphold the hand of the boards of education when, on sufficient grounds, they remove a teacher who has become incompetent and unfit for service."

**QUALITIES LISTED**

"A teacher should have knowledge of a subject, ability to teach, should command the respect of the students, be able to control their conduct and be able to cooperate with the school authorities."

"Failing in these, or in any of these, the teacher is not competent or efficient."

"The evidence in this case, while in some respects conflicting, preponderates in favor of the Board of Education. It goes to show that the charges are true. They were shown in this court to be true."

"In fact, what impresses one is that the principals of the various schools endeavored to overlook Mr. Gentner's deficiencies."

"The board sanctioned changes of school. And resort was had to removal only after similar deficiencies appeared everywhere."

**MEMBERS JUBILANT**

Members of the Board of Education were jubilant over the decision.

"This is gratifying to us because it shows that when the facts were laid before the court, our ruling in dismissing this teacher was justified," President J. L. Van Norman said.

"It is the right of every human being to appeal, but this decision recognizes the right of the board to dismiss a teacher as well as to employ him for the classroom, then the tenure law, which assumes permanent employment, would have to be repealed. Had the Los Angeles case gone before the court and been heard on the facts, I am satisfied that our decision would have been sustained."

**LECTURE TO BE GIVEN ON RELATIVITY THEORY**

Einstein's theory of relativity will be dealt with by Prof. D. M. De Morandini at 8 p.m. tomorrow in a public lecture at the Los Angeles Central Library. This lecture is the first of a series of four to be delivered, on consecutive Saturday nights, under the auspices of the library's science department.

Prof. De Morandini will lecture every Thursday from 7 to 9 p.m. at the University of California, extension division, 815 South Hill street, beginning next week. This fifteen-lecture course will enable the student to follow the general outline of the theory of relativity and gravitation of Einstein.

**LONG AUTO CARAVAN TO GO TO SHRINE CEREMONY**

Recorder George J. Ramsey of Al Malakiah Temple announced yesterday that last-minute applications to join the class of initiates for the Shrine ceremony tomorrow at the Irvine Park grounds will be received by him at an office at Irvine Park.

Everything is said to be in readiness for the movement of one of the largest motorized Shrine caravans in history when 8000 Shrineans are expected to leave the Los Angeles city limits at the end of Wilshire Boulevard tomorrow morning at 10 o'clock. Plans provide for 1000 automobiles. A short parade will be made in Santa Ana, birthplace of Potentate LeRoy M. Edwards, and

## HE DID DISHES IN WRONG WAY

And When Wife Objected He Bruised Her, She Says; Divorce Granted

Some husbands refuse to have anything to do with any of the household in their home, but Chester D. Cass was different, for he became enraged when his wife Gladys wouldn't let him wash the dishes, she testified before Superior Haskett yesterday when seeking a divorce on the grounds of mental cruelty.

Mrs. Cass said Cass wasn't doing the dishes properly and when she objected he seized her by the wrists and bruised them so badly they were sore for several weeks.

The wife also asserted that her husband made love to other women in her presence. The decree was granted.

## FIVE HURT IN STREET-CAR COLLISION

One of Victims Reported Seriously Affected Due to Shock of Crash

In a collision of two street cars last night at Temple and Main streets, five persons were injured, one of them reported to be affected seriously due to shock.

A one-man Griffith avenue car with no passengers was rounding the corner when it crashed into the rear of a "B" car. Walter Hershey, 29 years of age, of 1137 Canhuena avenue, was in charge of the one-man car. Officers Ward and Rathburn reported that Hershey explained that he thought a supervisor had called to him as he rounded the corner, and a moment after he turned his head the crash occurred.

Mrs. Lupe Roloi, 36 years of age, of 928 East Twelfth street, an expectant mother, was a passenger on the "B" car, and was rushed to Georgia-street Receiving Hospital, the surgeons fearing the shock might have serious effects. Other passengers who were treated for minor injuries are Dorothy Raeder, 21, of 1422 Kellam street; Andrea Santos, 46, and Concepcion Galendo, 22, both of 1219 Stanford avenue. Hershey also was injured slightly.

**Colburn Named to High Office Among Furriers**

Election of Albert E. Colburn, Los Angeles furrier, as vice-president and as a member of the board of governors of the National Association of the Fur Industry was announced yesterday.

The elevation to a s e c i a l position of vice-presidency, voted at the biennial convention in Detroit last week, makes the Angeleno the managing officer on the Pacific Coast.

Mr. Colburn represented the wholesale and retail fur trade at the convention, which he attended as delegate. He won for Los Angeles the next annual convention in May, 1930.

Following the convention Mr. Colburn went on to New York to join Mrs. Colburn in an extensive survey of fall and winter fur styles.

**WOMAN HIT BY AUTO DIES**

Two Other Victims of Traffic Accidents May Lose Lives Through Injuries

Mrs. Pauline Lebovitch, 37 years of age, of 508 North Britannia street, was injured fatally yesterday when she was struck by an automobile on Brooklyn avenue near San Bonita street. With a basal fracture of the skull and compound fracture of both legs she was taken to Georgia-street Receiving Hospital, where she died a few hours after the accident.

The car which struck Mrs. Lebovitch, according to the police report, was driven by John Khler, 19, 2837 North Longwood street. Khler told officers Mrs. Lebovitch was crossing in the middle of the block when his car knocked her down as he attempted to avoid collision with another machine.

Injuries received in an automobile accident resulted last night in the death of Miss Alfreda Jensen, 20, a student nurse of the White Memorial Hospital, 304 North Boyle street. She was injured in an automobile collision in San Luis Obispo on September 18, last, and was removed to the hospital where she had been taking training, where she died last night. Her home was in Canada.

**TWO MAY DIE**

In a collision between two cars at First street and Kenmore avenue, a woman and three small boys were injured. Mrs. Sadie Moss, 32, of 2431 Silver Ridge avenue, was taken home from school her son, Conrad, 6, and two boy friends, Donald Mayers, 6, of 2447 Echo Park avenue, and Peter Stone, 7, of 2091 Cerro Gordo avenue. Her car got out of control at Alvarado and Temple streets, struck a curb and overturned, cutting all the passengers with breaking glass. Mrs. Moss received head injuries and Donald Mayers' mouth was cut. All were treated by Drs. Lopovich and Jacobs of Georgia-street Receiving Hospital.

**FOUR HURT IN CRASH**

In the upset of an automobile yesterday, a woman and three small boys were injured. Mrs. Sadie Moss, 32, of 2431 Silver Ridge avenue, was taken home from school her son, Conrad, 6, and two boy friends, Donald Mayers, 6, of 2447 Echo Park avenue, and Peter Stone, 7, of 2091 Cerro Gordo avenue. Her car got out of control at Alvarado and Temple streets, struck a curb and overturned, cutting all the passengers with breaking glass. Mrs. Moss received head injuries and Donald Mayers' mouth was cut. All were treated by Drs. Lopovich and Jacobs of Georgia-street Receiving Hospital.

**DR. PATTON WILL RETURN TO PULPIT**

He Will Take Old Charge at First Congregational Church With Assistant

Following an unanimous vote by members of the First Congregational Church of this city, Dr. Carl S. Patton recently accepted the invitation to re-occupy its pulpit after an absence of about three years, and will begin his new ministry there next Sunday.

Dr. Patton previously had served as the University of Chicago and the Chicago Theological Seminary, where he has taught for four years in Bulgaria.

On next Tuesday evening Dr. and Mrs. Patton and Dr. Stearns will be the guests at a reception at the church at Ninth and Hope streets, at which civic, educational and church leaders will join with members of the congregation in extending a welcome to them.

**DR. DAVID HONORED BY ITALO-AMERICANS**

More than 250 members of the Italo-American Society of Los Angeles attended a banquet and reception in honor of Dr. Mario T. David at the Strand Hotel last night. The occasion was the day anniversary of Dr. David, who has been prominent in the Italo-American colony in Los Angeles for twenty years. Dr. David, who is a dentist, is connected with Italian banking circles in Southern California. Following the banquet and reception a dance was held. Part of the entertainment was furnished by several members of the Los Angeles Opera Company.

## LONE FLYER WEARS ENDURANCE CROWN

Carelessly Prepared Brief Brings Criticism

Errors Assigned With No Supporting Citations

Lower Tribunal Upheld in Bryant Case

Severe measures were threatened by the District Court of Appeal yesterday in cases where attorneys make trivial assignments of error in appeals to the higher courts.

In an opinion handed down by Justice Thompson, and in by Presiding Justice Work and Justice Craig, such action on the part of attorneys was severely scored.

The matter came to the attention of the court in the case of the people against J. F. Bryant and E. I. Bryant, defendants and appellants. Sixty-seven assignments of error were noted in the appeal. The court promptly threw them out and affirmed the lower court's judgment.

"There are a number of assignments of error, some wholly without merit, and many others unsupported by any evidence or citation of authority," Justice Thompson pointed out in his summary.

"We have so frequently called the attention of the profession to the rule that we are not burdened with the responsibility of undertaking these labors in this regard that we now deem it appropriate to say that unless counsel refrain from mere assignments of error without anything of a substantial character to indicate the sincerity of their belief in the error assigned, more drastic measure will, of necessity, be compelled to put an end to the practice."

The Bryants were convicted by a jury in Judge Mahon's court on a charge of obtaining money by false pretenses. Since the conviction E. I. Bryant, one of the defendants, died.

**SOLO FLIGHT ENDURANCE RECORD SET**

Vern Speich Breaks Fahy Mark by More Than Hour at Long Beach Port

LONG BEACH, Oct. 3. (Exclusive)—With thirty-five gallons of gasoline left in the tanks of his Zenith biplane, Vern Speich, 33-year-old Balboa Island pilot, landed at the local municipal airport at 8:27:03 p.m. today after breaking by one hour, four minutes and forty-eight seconds the world's solo non-refueling air-endurance record of thirty-six hours, fifty-five minutes and thirty seconds set by Lieut. Herbert J. Fahy, now recovering from air-crash injuries in a Glendale hospital.

Speich surrounded Speich's take-off at 6:26:15 a.m. yesterday, and it was only when the Zenith had winged its way back and forth between here and San Diego within striking distance of the old mark that word of Speich's purpose was disclosed.

Speich swooped toward the field for a landing immediately after he was signaled that he had bettered Fahy's mark by one hour, the time required by the National Aeronautical Association to make an endurance record official.

It was estimated that the 220-horsepower Wright J-5 motor could have continued on the remaining gasoline and oil for at least another three hours.

The long grind, however had worn Speich's energy down and he did not want to take the chance of falling asleep in the dark, believed to have been responsible for the crash which killed Jack Reid in Cleveland after he also had bettered Fahy's time.

Fahy sent congratulations to Speich from his hospital bed, where he has remained for nearly two weeks after the tail of the airplane he was testing dropped off over Burbank.

The Zenith took off with a load of 425 gallons of gasoline and twenty-five gallons of oil after a run of 1900 feet. The Associated Oil Company helped sponsor the record trip.

Two fried chickens, a quart of chicken broth, twelve sandwiches, fruit, two quarts of coffee and a gallon and one-half of water comprised Speich's harder on the flight. He was forced to circle the field under a 350-foot ceiling of clouds last night, but cruised up down the coast during the daylight hours.

Speich is married, has three children and has been flying four years. He is sales manager of the Zenith Aircraft Corporation.

**ACTOR'S WIDOW ARRESTED**

Mrs. Earle Williams Accused of Obtaining \$20,500 Through False Claim to Property

A few hours after the final accounting in the estate of the late Earle Williams, motion-picture actor, was accepted by Probate Judge Stephens, Mrs. Florence Walz Williams, his widow, 31 years of age, last night was arrested at the Hotel Marcy in New York as a fugitive from justice on five charges of grand theft.

Mrs. Williams was arrested on a telegraphic warrant from Sheriff Traeger. She was living at the fashionable New York hotel with her mother and two children, according to dispatches. The District Attorney's office announced extradition proceedings will start tomorrow.

The final accounting of the Williams' estate accepted by Judge Stephens is asserted to hold ample funds to pay all claims against the estate.

The theft complaint against Mrs. Williams asserts she obtained approximately \$20,500 since the death

of her husband through misrepresentation of her title to family property at 630 South Irving Boulevard. The complaining witnesses are A. K. Lucas, an attorney; C. H. O'Connor, an auctioneer; and Arrell Dunlap, financier. The complaint charges that in March, 1928, Mrs. Williams obtained \$12,500 from Dunlap as a loan on the property, giving him a purported deed as security. But, the charges assert, the document proved to be a mortgage. Lucas says he loaned Mrs. Williams \$8000 on the understanding, the property was free of debt, while O'Connor asserts he was defrauded of \$3000 under similar circumstances.

**SMALL ACTRESS HAS TO REDUCE FURTHER**

Marjorie White, former New York stage actress, has every right to lay claim to having been assigned the most difficult reducing task in Hollywood. To begin with, she is a midsize in stature, weighing only 160 pounds, and being 4 feet 10 1/2 inches tall.

"They told me I had to weigh less than 100 pounds," she said yesterday. "I wanted the part and I got it."

Miss White began her stage career at the age of 4 years.

## APPEALS COURT FLAYS LAWYERS

Lucas says he loaned Mrs. Williams \$8000 on the understanding, the property was free of debt, while O'Connor asserts he was defrauded of \$3000 under similar circumstances.

**DAWN GREETER DISAPPEARS**

Police Asked to Search for Mysteriously Missing Trained Rooster

Henry is missing. His reputation, as reported to police, is good. He never stayed out at night before. He never was known to have been in love. Neither did he smoke, drink, or swear. Yet his disappearance from his home at 204 North Burlington avenue is surrounded in mystery.

Henry is a Rhode Island Red rooster, 2 years of age, and limps with his left foot. His owner, Mrs. Vivian Larsen, told police he has been trained for leading chanty-clear parts in talking pictures.

## SMALL ACTRESS HAS TO REDUCE FURTHER

Marjorie White, former New York stage actress, has every right to lay claim to having been assigned the most difficult reducing task in Hollywood. To begin with, she is a midsize in stature, weighing only 160 pounds, and being 4 feet 10 1/2 inches tall.

"They told me I had to weigh less than 100 pounds," she said yesterday. "I wanted the part and I got it."

Miss White began her stage career at the age of 4 years.

**NEWS OF THE CAFES**

With the occasion of his debut at the Ambassador Hotel Coconut Grove Monday night, Ted Lewis, famed "high-hatted" comedian of "The Music Box" through final rehearsals in anticipation of the event.

Special ceremonies at the Grove are being scheduled and reservations already have been made by many stage and screen celebrities. Because of his recent picture appearances in "It's Everybody's Happy" Lewis is now a full-fledged member of the Hollywood film colony.

**WEDDING ANNIVERSARY**

A dinner party celebrating the silver wedding anniversary of Mr. and Mrs. George D. Gallup of El Sereno, was held last Tuesday evening in the Alta Pina Tea Room, located on Eastern avenue just north of Valley Boulevard.

Those hidden were Mr. and Mrs. Leroy Beaudin and Mr. and Mrs. E. M. Peabody. The table was artistically decorated with ferns and roses. Mrs. D. Throckwell, hostess, prepared a special six-course dinner for the occasion.

**SERVICE RESUMED**

The Elite Catering Company, located on Flower street near West Seventh street, announces the resumption of service in their beautifully appointed tea room which has been closed during the warm summer months. The dining-room is now open from 11 a.m. till 9 p.m. and the same delicious luncheons and dinners which have gained for that establishment a wide reputation again are being featured.

**TEACHERS' DINNER**

Honoring Mrs. Francis Elliott Clark, educational director of the Victor Company, the Los Angeles Junior High School Teachers' Association held a dinner and meeting last Tuesday in the Polly's Patio Tea Shop on West Seventh street just east of Vermont avenue. The junior high school music teachers in the county also attended the banquet. Other honored guests included prominent musical educators in Southern California's leading schools and colleges.

**FAMILY GATHERINGS**

Large family gatherings and groups of young college folk may be seen dining noon and evening in the Pico Tea Room on Pico Boulevard near Second avenue.

The excellent luncheons and dinners prepared by Mr. Henry Mohr, chef, are responsible for the growing popularity of his establishment. Home-made pies and cakes baked daily and a variety of other tempting desserts are said to be drawing cards for that tea room.

**NEW MUSICAL REVUE**

"Parisian Polities," new musical revue featuring Franklin Parnum, master of ceremonies, opens at the Pom Pom, Hollywood, tonight. Prominent in the cast with Franklin Parnum will be Louise and Mitchell, well-known acrobatic dancers; Violet Hubbard, blues crooner; Arnold Grazier, gold dancer; Jay Johnson, accordionist; Clarence Cannon, tap dancer; Buster Garry, the popular singer, and the Pom Pom Night Owls orchestra.

## RARIN' TEXAS FLAPPER WEEKLY ADMITS GUILT

Rudell Heath, the rootin', tootin', shootin' flapper from Texas, went into Superior Judge Wood's court yesterday and meekly pleaded guilty to one of three counts of forgery preferred against her in connection with her asserted check-passing activities here several months ago.

Miss Heath, who first achieved the front page two years ago when she is asserted to have attempted to shoot her boy friend, faces a penitentiary sentence of from one to fourteen years as a result of her plea yesterday. Hoping to evade San Quentin, however, she filed an application for probation, which will be heard by Judge Wood the 14th day by Attorney A. J. ...

KAS FLAPPER ADMITS GUILTY

inst. Hearing on the case of Kas Flapper, charged with forgery, was held in the County Jail today. Miss Heath was returned to the County Jail on her bail. Among the defendants in her local career was a two weeks ago on her bail. She was represented today by Attorney S. S. Starn.

## A LESSON IN GEOGRAPHY by Bruce Russell

## POMONA REIGNS FAVORITE

Sagehens Picked to Tounce Caltech in Contest at Rose Bowl Saturday Afternoon

PASADENA, Oct. 3.—Caltech for the first time this year at their home field, plays the strong Pomona outfit, favored at the Pasadena Rose Bowl. Seemingly the Sagehens are the jinx of the Beavers, having for the last three years successfully jammed the gears of the Engineers' outfit.

Pomona goes into the game the favorite for two reasons. They have not played any conference games this year, and Old John Public, knowing the power of Nixon's team last year is willing to give him the benefit of any doubt this season. Also Pomona will outweigh the Tech outfit several pounds to the man, for Caltech has one of the lightest teams they have ever had.

Led by Capt. Paul (Poke) Hartman, Pomona has about as nifty a looking backfield (Continued on Page 13, Column 5)

## HILLCREST GETS P.G.A.

Joseph Schenck yesterday became the "angel" of the United States Professional Golfers' Association championship, when it was announced from authoritative sources that the motion-picture magnate had put up the necessary \$10,000 to stage the tournament at the Hillcrest Country Club.

This will be no news to a number of golfers, as it has been common knowledge that Schenck was ready to put up the prize money just as soon as the La Cumbre Country Club of Santa Barbara officially cast off the tournament, which it did last Saturday night through Harry Drake.

Schenck's action brings to Los Angeles the greatest tournament that has ever been held (Continued on Page 13, Column 5)

## MRS. PRESSLER WINS AGAIN

Defeats Mrs. Hurd in National Women's Championship at Oakland Hills and Advances to Semifinals; Miss Collett Stages Comeback for Victory

BY ANNE TRABUE

California representative of the U.S.G.A., who is reporting the women's national golf championship for The Times.

OAKLAND HILLS COUNTRY CLUB, BIRMINGHAM (Mich.) Oct. 3. (Exclusive)—They were singing "California, here I come," a few minutes ago. A number of Detroit golfers with Bob McDonald, the popular Chicago professional, among them, took this method of congratulating Mrs. Leon Pressler, who today defeated Mrs. Dorothy Campbell Hurd, 3 and 1 to reach the semifinals of the national women's golf championship.

By her victory today, Mrs. Pressler meets Miss Bernice Wall of Oakbrook, Ill., tomorrow, while Miss Glenna Collett, defending her title, meets Mrs. O. S. Hill of Kansas City, the western women's champion.

It looks as if it may be an all-California final, since Miss Collett announced yesterday, through a local reporter, that hereafter she was confining her (Continued on Page 13, Column 6)

## CARDS IN FOR REAL TEST

Formidable Oregon Eleven May Upset Stanford's Powerful Grid Squad at Palo Alto

STANFORD UNIVERSITY, Oct. 3.—Mighty Oregon was on its way south this afternoon to be Stanford's guest in the opening conference game here Saturday and with this tough contest just forty-eight hours away, Pop Warner worked his charges late in dummy and signal practice. The Cards have been assigned a good deal of scrumming practice this week for the purpose of getting their offense in the smoothest possible working order for Oregon, which includes the possibility of the very effective forward-passing attack. Lateral pass are likely to be strong in Stanford's offense for Oregon's defense is said to be one which allows a lateral fair chance of success.

Austin Colbert and George Christensen, Webfoot tackles, play a waiting rather than a charging defense, so the Stanford backs have been drilled all week on their lateral pass repertoire in order to take advantage of this. Walt Heinicke will have a Goliath to compete against at center in George Stadelman. Coach McEwan's two-year veteran, who towers at six feet four inches, while Mr. Heinicke measures but five feet seven.

Although Oregon has been conceded by some to have as good a (Continued on Page 13, Column 5)

ire.

of Black Fur

tially the insistent note of  
n—presented at Bullock's-  
ire in black Russian caracul  
oadtail, Leipzig dyed, invar-  
with Patou collar.

Silver Fox

lovely and flattering, the  
fox scarf assumes a new  
importance in this season  
nity and graciousness. Like  
lock's-Wilshire furs, its price  
sistently moderate.

T WESTMORELAND

## Interwoven Hose of Lightweight Wool

Interwoven stylists again display their genius in creating new ideas in patterns and color combinations.

The basket weaves, herringbone patterns, fancy and striped jacquards, all show striking originality, yet conform to the present fashion for quieter effects in hosiery. They're very smart! In fine wool, and wool mixtures.

50¢ 75¢ \$1.00
